DR. S. F. SWANTEES, INJURED FRIDAY IN AUTO CRASH, DIES

Widely Known Christian Science Practitioner, 60, Succumbs in Springfield, O., Hospital.

MACHINE SKIDDED OFF ROAD, HIT POLE

St. Louisan and Wife, Who Also Was Hurt, Were on Way Home—Funeral Wednesday.

Dr. Samuel F. Swantees, widely known Christian Science practitioner, with an extensive practice both in and outside St. Louis, died yesterday in a hospital in Springfield, O., from injuries suffered in an automobile accident Friday. He was 60 years old.

Dr. and Mrs. Swantees were driving back toward St. Louis after a three weeks' visit in Boston and elsewhere in the East. On the highway near Springfield, their machine skidded and crashed into a telephone pole. Dr. Swantees did not regain consciousness after the accident. Mrs. Swantees suffered a fracture of one ankle, and cuts on her head. She was brought to St. Louis today and is at her home, 1774 Westminster place.

The funeral will be held at 4 p. m. Wednesday at the Lupton Mortuary, 4449 Olive street. Besides the widow, Dr. Swantees is survived by a daughter by a former marriage, Miss Ethel Swantees, living in New York.

Dr. Swantees was a native of Wisconsin, and a graduate of the Wisconsin Medical College, Chicago, an institution of homeopathic medicine. He practiced in this branch of medicine for 13 years before entering on the study and practice of Christian Science.

He opened an office in the Railway Exchange Building about 20 years ago, soon after that building was constructed. In later years, his wife, Mrs. Marguerite Swantees, has conducted a practice from an office on another floor of the same building.

Last year, Dr. Swantees was one of 19 persons designated by the Massachusetts Metaphysical College, in Boston, as teacher of Christian Science. Such a group is named every three years. He was a member of the board of First Church of Christ, Scientist, St. Louis, and was until last year, first reader of that congregation. He was a contributor to publication of the church, the monthly Christian Science Journal and the weekly Christian Science Sentinel.

MIAMI PREPARES FOR STORM: HURRICANE WARNINGS OUT

Human Workers Sent Home and Streets Cleared of Moveables in Anticipation.

MIAMI, Fla., Aug. 29.—Miami is preparing safeguards this afternoon as northeast storm warnings were changed to hurricane warnings on advice from the Washington Weather Bureau. With the prediction that the tropical disturbance off the east coast of Florida would pass inland near and probably south of Miami early tonight, city and county officials ordered all women employees home and began clearing the streets of all movable objects. The barometer here was sinking this afternoon, but slowly. At 3 p. m. the official reading was 30.2. About 30 inches is normal. The velocity of the wind varied between 20 and 25 miles an hour with gusts ranging considerably higher. Successive squalls swept the city.

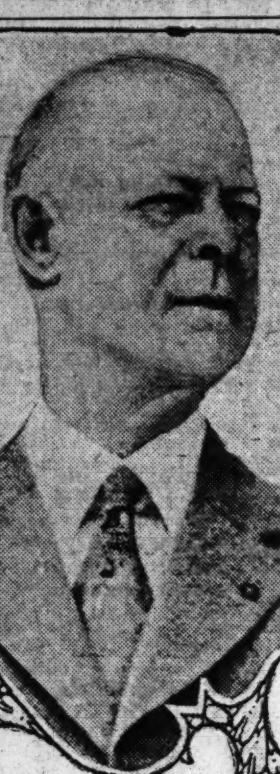

GEORGE F. WALKER, YOUNGER BROTHER OF MAYOR, DIES

Insurance Broker Succumbs in Saranac Lake Sanatorium; Ill Two Months.

SARANAC LAKE, N. Y., Aug. 29.—George F. Walker, New York insurance broker and younger brother of Mayor James J. Walker, died early today in a private sanatorium where he had been undergoing treatment for tuberculosis for two months. He was 47 years old.

On July 29, when the mayor visited his brother here, the patient's condition seemed to improve, but he suffered a relapse a few days later. His wife and their two daughters, Helen and Dorothy, were at his bedside when he died. He was a member of the firm of Hughes & Walker, insurance brokers, of 27 William street, Manhattan, and lived at 98 Riverside drive. Five nurses had been in attendance during the last stages of his illness.

AUTO CRASH VICTIM

STERLING LEADS BY 1375 IN TEXAS GOVERNOR RACE

Three Counties of 254 Unheard From, Others Incomplete in 'Run-Off' With Mrs. Ferguson.

DALLAS, Tex., Aug. 29.—Gov. R. S. Sterling had a lead of 1375 votes over Mrs. Miriam A. (Ma) Ferguson today for the Democratic nomination for Governor in one of the closest primary races in the history of Texas.

Based on the estimate of the Texas Election Bureau that 950,000 votes were cast Saturday, 20,000 ballots still were to be accounted for—enough to leave the result in doubt.

The latest figures, which the bureau said may differ from the official count, were from 252 out of the State's 254 counties, 191 reporting complete returns. The totals stood: Sterling 470,692; Ferguson, 469,317.

Trailing the former woman Governor 493 votes when the Election Bureau stopped its work last night, Sterling took a lead of 3007 on the first tabulation today, and on the next increased his advantage by 424 votes, but fell back later.

The Sterling lead resulted chiefly from further compilations from Dallas and Lubbock counties, both of which gave the Governor large majorities over Mrs. Ferguson.

Gov. Sterling expressed confidence that he had been renominated. The Executive returned to the Capitol at Austin to prepare for a session of the Legislature which convenes tomorrow to enact tax relief measures.

Mrs. Ferguson is the only woman who has been Governor of Texas, a housewife who entered politics when her husband, James E. Ferguson, was impeached and removed from the Governor's chair in 1917.

After one term, Mrs. Ferguson was defeated for re-election by Dan Moody, who was Attorney-General under her administration and led in the proceedings which persuaded the courts to cancel important highway construction contracts during her tenure of office. Her defeat was six years ago.

Moody was succeeded by Sterling, who had been chairman of the Highway Commission during the former's term. Mrs. Ferguson ran against Sterling two years ago, led at the first primary and was defeated in the runoff.

The State Bureau's returns indicated the nomination of George B. Terrell, Joseph Weldon Bailey (son of the former Senator of that name), and Sterling P. Strong to the three places of Congressmen-at-large given the State by the last congressional reapportionment. Terrell and Bailey were endorsed by organizations favoring repeal of the eighteenth amendment. Strong formerly was superintendent of the Anti-Saloon League in Texas.

ST. LOUIS FLYER BEATS DOOLITTLE TIME FOR RACE

James Haizlip First Into Cleveland From Los Angeles—Goes on to the Eastern Coast.

STRIKE AVERTED AT OHIO CONTESTS

Pilots Agree to Compromise After Protesting That Awards Were Not as Big as Advertised.

By the Associated Press. FLOYD BENNETT FIELD, N. Y., Aug. 29.—The coast-to-coast flying record was broken today by James Haizlip of Ferguson, Mo., who landed here at 5:04 p. m., Eastern standard time.

By the Associated Press. CLEVELAND, O., Aug. 29.—James Haizlip, St. Louis, crossed the finish line in the Transcontinental Air Derby here at 3:05 p. m. Eastern standard time. Haizlip did not land at the airport but continued on his way to New York, despite reports of bad weather between here and New York. His exact landing time was 3:04:45 Eastern Standard time, which made his time from Los Angeles to Cleveland eight hours and 19 minutes. Jimmy Doolittle last year, in his dash, made it from Los Angeles to Cleveland in nine hours and 10 minutes. Haizlip is assistant to Doolittle in commercial work in St. Louis.

Haizlip's average speed was estimated in excess of 255 miles an hour, nearly 30 miles an hour faster than Doolittle's record speed into Cleveland last year, of 223,038. Haizlip's dash earned him \$8750 and \$2500 more was in sight if he broke Maj. Doolittle's Los Angeles-New York time of 11 hours and 16 minutes.

Roscoe Turner flashed across the finish line at 3:35 p. m. Capt. Turner's unofficial flying time was 9 hours and 8 minutes, nearly half an hour behind Haizlip.

Jimmy Wedell was third to finish the race to Cleveland, arriving at 4:41. 11 minutes after Turner. After hearing weather reports, Turner zoomed his tiny racer skyward again and headed east for Floyd Bennett airport in the hope of overtaking Haizlip. He took off at 3:43.

Haizlip is flying aid to Maj. Doolittle in St. Louis. James G. Haizlip is flying assistant to Maj. Jimmy Doolittle, director of the aviation department of the Shell Petroleum Corporation, with headquarters here.

He is en route to flying over the World War and served as a flying instructor in France. After the war he met Doolittle while flying in the Southwest and they became fast friends. Haizlip was an instructor at a flying school at Tulsa, Ok., and pilot for an airline before coming to St. Louis three years ago. In 1930, flying a plane of the Shell Co., he finished second in the Thompson trophy race, annual speed classic, at Chicago.

Haizlip and his wife, Mae Haizlip, well-known aviatrices, reside at 335 Wesley avenue, Ferguson. By the Associated Press. CLEVELAND, O., Aug. 29.—A threatened strike of pilots participating in the National Air Races here was averted today when a compromise between them and air race executives was reached after an all-morning conference.

About half of the pilots entered in the races signed a petition demanding that prize money for the closed course free-for-all events be doubled, saying that the total for these events was only 28 per cent of what had been previously advertised.

The pilots based their agreement on assurance that they would form an organized group of contestants to deal with executives on problems on next year's races. Another high speed event scheduled was a series of dashes, qualifying trials for the air race finale, the Thompson trophy race, on Labor day.

Leading contestants in this event have been predicting the old land plane speed record of 278 miles an hour will be broken, and with a prize of \$3500 offered for the highest speed in these qualifying rounds they expected to let their flying power plants out to the limit.

John Livingston, Bloomington, Ill., was the leading money winner in yesterday's racing events. In a derby to Cincinnati and return he pushed his monoplane over the finish line ahead of seven others in the elapsed time of two hours and 17 minutes for a first prize of \$900. He finished third in a closed course event for motors of 855.

BANKS AGREE TO CUT INTEREST ON GERMAN SHORT TERM LOANS

By the Associated Press. NEW YORK, Aug. 29.—ABBOTT GOODHUE, chairman of the committee of American banks interested in short-term credits in Germany, announced today that the banks had agreed to cut the rate of interest on a portion of the short-term loans to 5 per cent from 6 per cent. It was understood that the reduction affects about half of the loans aggregating \$400,000,000. The new schedule of interest will take effect on Sept. 1. It was said that substantially all other foreign bank creditors of Germany had agreed to similar reductions, made to bring the rates into closer line with general world credit conditions, which have eased substantially since the standstill agreement was negotiated.

GIRL GIVES CLOTHES TO KEEP DYING SISTER FROM THE COLD

Aunt Killed in Auto Plunge in Mountains, One Child Tries to Aid Other.

By the Associated Press. ESTES PARK, Colo., Aug. 29.—Heroic efforts of her 12-year-old sister failed to save the life of Lucille Day, 10, of Alamosa, Colo., who was injured in the crash of an automobile down Fall River pass. Lucille was accompanied in the motor car by her 12-year-old sister, Jean, and an aunt, Miss Mary S. Day, 55 years old, of Gainesville, the driver.

Blinded by a fog and snow flurries, Miss Day Friday night drove the machine off the highway. The car hurtled down the mountain side, Miss Day asserting she was killed in the fall. Lucille and Jean were thrown clear of the wreck.

Jean, who was only bruised, felt her way through the fog to her sister's side. Lucille was conscious only at intervals.

Removing the most of her clothing, Jean covered her sister and the two little girls remained together through the night. Howls of coyotes frightened them and the temperature fell to near the freezing point.

At daylight Saturday Jean started for help. Tourists found the child walking down the road. Questioned by the police, she frequently told me that she hoped she would die young.

Bought Revolver Months Ago. "Just after school was out I went to Indianapolis and bought a revolver of German make, registering it under a fictitious name. I bought it for a definite purpose, but I was in no hurry to put my plan through. I went to summer school at the University of Illinois, where I had obtained my master's degree. Upon completing some work in chemistry subjects, in which I received three 'A's' and a 'C', I was joined by my wife and we started for home.

"As we drove along that Sunday (Aug. 14), we were in good spirits, and stopped to visit with Leah Baldwin, a teacher of our acquaintance, at Greencastle, Ind. Then we stopped in Terre Haute for supper and to window shop. After reaching Marshall we turned south. About six miles out I stopped and got out of the car. As I started to get in again it occurred to me that the time to put my plan into effect had come.

"My wife was sitting in the machine and was chatting lightly, and laughing a little. I reached for the revolver and fired two shots. Her body just went limp, her head turned toward me, and she murmured, 'Oh Papa.' That was all.

"Thought of Getting Doctor. "I got into the car beside my wife. She was limp, but I did not believe that she was dead. It occurred to me that I should get a doctor, that she might be suffering. I placed a blanket beneath her head, and she was slumped there like she was asleep. I turned the car and started back to Marshall. When about a mile from town I stopped and felt my wife's wrist. There was no pulse, and I knew that Marjorie was dead.

"I turned south again, and drove to the point where the shooting occurred. There I stopped and dug a small hole beside a concrete fence post, and hid the revolver there. I then walked to a farm house near by and as I passed through the gate I became nauseated and I think I fainted. I revived, and aroused the farmer, telling him that my wife was shot."

ILLINOIS TEACHER ADMITS HE SHOT WIFE DEAD IN CAR

Hubert C. Moor, Robinson High School Instructor, Gives Incompatibility as Reason for Crime.

SAYS 'OUR MARRIAGE WAS SAD MISTAKE'

Had Asserted Murder on Road Near Marshall Was Committed by Two Men in Another Car.

Special to the Post-Dispatch. MARSHALL, Ill., Aug. 29.—Giving incompatibility as the reason for his crime, Hubert C. Moor, Robinson, Ill., high school instructor, confessed to Clark County officials early yesterday that he shot and killed his wife, Marjorie, also a teacher, on a highway six miles south of here the night of Aug. 14.

"Our marriage was a sad mistake," the chemistry and agriculture instructor told State's Attorney Victor C. Miller as he began the confession, which later was put in writing and signed by Moor.

"I often dreamed of the things I wanted to do, and the things I wanted to have, but I could not attain them," Moor continued. "My wife also had dreams of a career as a teacher, and she put that before her duty as a wife. She disliked housework, and she frequently told me that she hoped she would die young.

Bought Revolver Months Ago. "Just after school was out I went to Indianapolis and bought a revolver of German make, registering it under a fictitious name. I bought it for a definite purpose, but I was in no hurry to put my plan through. I went to summer school at the University of Illinois, where I had obtained my master's degree. Upon completing some work in chemistry subjects, in which I received three 'A's' and a 'C', I was joined by my wife and we started for home.

"As we drove along that Sunday (Aug. 14), we were in good spirits, and stopped to visit with Leah Baldwin, a teacher of our acquaintance, at Greencastle, Ind. Then we stopped in Terre Haute for supper and to window shop. After reaching Marshall we turned south. About six miles out I stopped and got out of the car. As I started to get in again it occurred to me that the time to put my plan into effect had come.

"My wife was sitting in the machine and was chatting lightly, and laughing a little. I reached for the revolver and fired two shots. Her body just went limp, her head turned toward me, and she murmured, 'Oh Papa.' That was all.

"Thought of Getting Doctor. "I got into the car beside my wife. She was limp, but I did not believe that she was dead. It occurred to me that I should get a doctor, that she might be suffering. I placed a blanket beneath her head, and she was slumped there like she was asleep. I turned the car and started back to Marshall. When about a mile from town I stopped and felt my wife's wrist. There was no pulse, and I knew that Marjorie was dead.

"I turned south again, and drove to the point where the shooting occurred. There I stopped and dug a small hole beside a concrete fence post, and hid the revolver there. I then walked to a farm house near by and as I passed through the gate I became nauseated and I think I fainted. I revived, and aroused the farmer, telling him that my wife was shot."

Before making his written confession Moor accompanied Miller and Sheriff Turner to the scene of the murder and dug up the buried revolver. To a reporter later he explained that he is not sorry that his wife is dead. "It was best that one of us should die, but I still love her, and my two greatest desires at this time are to visit her grave and to have her photograph taken in my cell."

Prior to Saturday Moor had stuck to his original story—that he and his wife were stopped by two bootleggers in another car, who slugged him and killed Mrs. Moor. He explained yesterday that he would have abandoned that story sooner, except for a report that

MRS. MCCORMICK'S WILL FILED, KRENN GETS CHIEF SHARE

Heirs Bequeathed Fifteenth of Estate—Any of Children Who Contest Will Lose Legacy.

DOCUMENT REFERS TO DEBT TO HIM

He Has Transferred Rights to Real Estate Partner for \$2000 a Month Guarantee.

By the Associated Press. CHICAGO, Aug. 29.—The will of Mrs. Edith Rockefeller McCormick, bequeathing seven-twelfths of her estate to her three children and the residue to Edwin Krenn, her social and business confidant, was filed today in Probate Court.

Not only was Krenn made the beneficiary of the largest single bequest, but Mrs. McCormick specified that he should receive the legacy provided for any of the three children who should elect to contest the will.

What remains of the forty or fifty million dollar estate that once gave John D. Rockefeller the daughter the title of the world's richest woman was not disclosed by the document and may not be known for some weeks. The executor, the Chicago Title & Trust Co., has a full month to prepare an inventory.

As had been disclosed, Mrs. McCormick bequeathed four-twelfths of her estate to her daughter, Muriel McCormick Hubbard; two-twelfths to her daughter, Mathilde McCormick Oser, and one-twelfth to her son, Fowler McCormick.

Of Krenn's share she specified: "I give, devise and bequeath all the real, personal and mixed, of every kind and nature, to my friend, Edwin D. Krenn. I make this provision because I am justly indebted to the said Edwin D. Krenn for large sums of money and securities loaned by him to me at my request, and the amount hereby given him will not fully compensate him for the loss which he has and will sustain by reason of such debts and advances to me from time to time."

Krenn, it had been announced, had renounced his rights to the bequests in favor of his partner, Edward Dato, and co-trustees in the Rockefeller McCormick trust, Krenn receiving from Dato a promise of \$2000 income monthly for life.

The will was dated Aug. 4, 1932, when she lay near death in her hotel suite. Throng of curious persons have visited Graceland cemetery to view the grave of Mrs. McCormick but have discovered the body lies in a receiving vault next to that of a son who died 31 years ago.

Funeral services for the social leader were held Saturday. It had been reported that she was to be buried beside her son, John Rockefeller McCormick, who died in childhood of scarlet fever. "In all these years," the sexton said, "we have never received any instructions regarding the body of the boy."

The sexton said cemetery officials had received no instructions regarding disposition of Mrs. McCormick's body although it was reported the family planned to erect a mausoleum. He said the McCormicks had no plot in the cemetery.

STOCKS SHOW SOME NEW HIGHS BUT GAINS ARE CUT Strength of Cotton and Wheat Encourage Rise; Profit-Taking Follows. NEW YORK, Aug. 29.—While a number of issues, notably among the coppers, reached new high prices for 1932 in the stock market today, progress was uneven. Some of the prominent industrial and railroads encountered persistent selling, and there was a mixture of gains and losses at the close, with most changes in the 10 or 20 cent range. Continued strength of cotton and wheat encouraged persistent bullish activity in shares, but cotton, like stocks, encountered considerable profit-taking, and lost virtually all of its gains.

In stocks, American Smelting, after rising \$2.75 to a new 1932 high, closed up \$1.50, net, at \$22.75. Anaconda and Kennecott also finished about \$1 net higher.

UNITED CIGAR STORES FILE IN BANKRUPTCY

Receiver Appointed for 810 Shops—Liabilities Estimated at \$9,502,000.

By the Associated Press. NEW YORK, Aug. 29.—The United Cigar Stores Co. of America filed a petition in bankruptcy today, listing liabilities of \$9,502,000.

The principal liability was said to be \$8,515,000 as guarantor for the cigar stores Realty Holdings, Inc., an affiliate which also filed a petition in bankruptcy today. A directors' meeting was held today at which a decision was reached to file a voluntary petition. The minutes of the meeting stated that the company was unable to pay its debts.

The parent company listed book value assets of \$3,341,534.98. The Irving Trust Co. was appointed receiver.

The petition contained 618 typewritten pages, one of the longest ever filed here. It listed 110 stores in all parts of the country with their stocks, leases and outfitting. A statement was issued by the parent company, saying that losses in the company's realty business during the last month "went beyond the ability of the company to stand."

It was said that there was full confidence that "with the co-operation of the company's creditors" a reorganization can be effected.

SCOT FLIES TO SYDNEY, N. S., ON RETURN TRIP HOME

Capt. Mollison's Wife Cables to Hurry, "Consistent With Good Weather."

By the Associated Press. SYDNEY, Nova Scotia, Aug. 29.—Unable to see the airport below him, Capt. J. A. Mollison, who is on his way to Harbor Grace, Newfoundland, to take off on a return flight across the Atlantic, circled about in fog and clouds for more than an hour this afternoon and then brought his plane down at Coxhead, a few miles from here.

In response to a cablegram from his wife, the famous flying woman, Amy Johnson, telling of his plan to start back immediately, he received a reply last night urging him to hurry home "consistent with good weather."

Zeppelin Sails for South America. BERLIN, Aug. 29.—The Graf Zeppelin left at 6 a. m. today on another of her regular commercial trips to South America this year. Dr. Hugo Eckener was in command and six passengers were aboard. The freight included a swarm of bees from Czechoslovakia.

GERMAN PLAN TO POSTPONE TAXES AS AID TO INDUSTRIES

Chancellor Proposes to Issue Certificates of Payment on Which Reichsbank Will Lend Equal Amount for Year.

VON PAPEN WILLING TO RISK \$476,000,000

Confident Prosperity Is on Way Back—Defies Enemies to Oust Him and Junker Cabinet and Denounces Adolf Hitler.

By the Associated Press. BERLIN, Aug. 29.—Defying all the political parties of Germany to oust him and his Junker government, Chancellor von Papen outlined a one-year resuscitation program in a speech before a meeting of Westphalian farmers at Muenster, yesterday. The program risks nearly half a billion dollars on a belief that prosperity is returning.

Von Papen especially defied Adolf Hitler, National Socialist leader, and served notice that he would keep power thus: "If necessary I shall use force to bring about recognition of the equal rights applicable to all German citizens. I am firmly determined to stamp out the smouldering fires of civil war and to suppress increasing political unrest and political acts of violence."

The Junker scheme to speed the return of prosperity and to give more than 1,500,000 of Germany's 5,000,000 jobless something to do is based in this program.

"We proceed from the consideration that important signs point to the fact that the bottom of the depression has been reached, hence all efforts to reorganize industry will contribute toward actual revival."

Gist of Von Papen's Proposal. The heart of the scheme itself, roughly, was: "More than 2,000,000 marks (currently about \$476,000,000) can be risked on the program, which has been approved by the Reichsbank, and which should be financed by a system of tax certificates."

All taxes of a nature likely to retard production, such as the turnover tax and the transportation tax, due between Nov. 11 this year and the same date next year, and estimated at 1,500,000,000 marks (\$355,550,000), will be handed back in the form of certificates. The taxpayer can borrow the equivalent of these certificates from the Reichsbank for use in his business. In addition, 500,000,000 marks (\$116,110,000) will be advanced to such industries as will increase their employees. The Government hopes this will give employment to 1,750,000 men.

The program further promised not to risk inflation of currency or to embark on any scheme to make Germany economically self-sufficient, although continued modernization of regulation of imports was planned.

Other features were authorization for employers to cut wages, but not below the minimum necessary for existence, on condition that wages so cut would be spent to hire unemployed men; and appropriation of 135,000,000 marks (\$32,035,500) for extension of public building.

In his argument for returning tax money to the payers, Von Papen stressed that the money advanced for tax certificates would be loans to be repaid between 1934 and 1935.

The speech was considered especially in the light of the opening of the Reichstag and the Prussian Diet on Tuesday, and the rumored Hitler-Conservative coalition.

Von Papen condemned Hitler. Von Papen began his address with a bitter attack on the "impulsive recklessness" of Hitler, and he spoke plainly on the penalties imposed by special courts for political violence.

"I recognize no principle of justice," he said, "which is used by one class or party as an instrument of combat. . . . The impulsive recklessness manifested by the Nazi leader is ill-suited to his claim for leadership in government. . . . In opposition to Hitler, I advocate a state based on justice. A real commonwealth of people and an authoritative conduct of government is I, and not he, who pursues the aim which millions of his followers have yearned for."

"If today there is talk of a coalition between the Conservatives and the Nazis—which I cannot believe, for it runs counter to the Nazi's

U. S. DIRECTORS IN KREUGER MATCH CORPORATION SUED

Recovery of \$35,000,000
Dividends and Accounting
for \$100,000,000 Are
Sought.

ACTION BROUGHT BY IRVING TRUST CO.

Among Defendants Are
Percy O. Rockefeller,
Francis L. Higginson
and F. W. Allen.

NEW YORK, Aug. 28.—Suits against eight American directors of the International Match Co. for an accounting of \$100,000,000 allegedly "lost through negligence" and the recovery of \$35,000,000 allegedly "lost through the illegal payment of dividends out of capital," was begun today.

Federal Bankruptcy Referee Oscar W. Ehrhorn signed the summons and complaint prepared for the plaintiff, the Irving Trust Co., trustee of the late Ivar Kreuger's defunct match company.

The eight directors named in the papers are Percy O. Rockefeller, Donald Durant, Francis L. Higginson, Henry O. Havenssey, Frederick W. Allen, Samuel F. Pryor, Adrian H. Larkin and John McHugh.

The judgments demanded in the complaint against the various directors vary according to the number of directors' meetings at which dividends were voted attended by each director. The judgments demanded, with interest, are: Allen, \$35,556,118; Havenssey, \$27,877,326; Pryor, \$23,497,326; Rockefeller, \$21,417,834; McHugh, \$24,377,326; Higginson, \$21,073,168; Durant, \$23,788,910; Larkin, \$24,596,742.

The complaint alleges that 22 dividends were illegally declared. "The assets of International," it continues, "are insufficient to pay the creditors of International in full, and a sum more than equal to the amount of the said unlawful and unauthorized dividends declared and paid as alleged herein will remain owing to the creditors after the application to the debts of International of all its assets."

The summons and complaint ratified today by the bankruptcy referee in part that although the American investing public put \$150,000,000 into the International Match Corporation, the directors allowed Kreuger to control it and manage its finances.

Although the corporation was a holding company for numerous match companies throughout the world the complaint alleges that the directors "neglected" the subsidiary affiliates and let Kreuger select the directors for those companies from among "his subordinate and associates."

It is also charged in the complaint that the directors were negligent in that they allegedly left the management largely to Kreuger who had other companies abroad with interests, according to the complaint, opposed to those of the International company.

The part of the complaint dealing with the action to recover \$35,000,000 dividends allegedly paid out of capital, charges that the corporation injured its financial status by paying such dividends out of its capital structure since 1924.

GAS IGNITED BY DOOR BELL EXPLODES AND KILLS WOMAN

Apartment Wrecked by Blast at Norfolk; One Person Injured.

NORFOLK, Va., Aug. 28.—Gas ignited from an electric doorbell exploded with such force yesterday that it fatally injured Miss Annie C. Enright, 32 years old, and wrecked her third story apartment.

Miss Peggy Peed pushed the electric button at the apartment entrance and was thrown back by the force of the blast and was slightly injured.

The verdict that the explosion was caused by gas ignited by an electric buzzer, was returned by a board of investigation composed of the coroner's jury, the city electrician and other officials.

Miss Enright was found unconscious in her kitchenette. She died in a hospital. The presence of gas in the room was not explained.

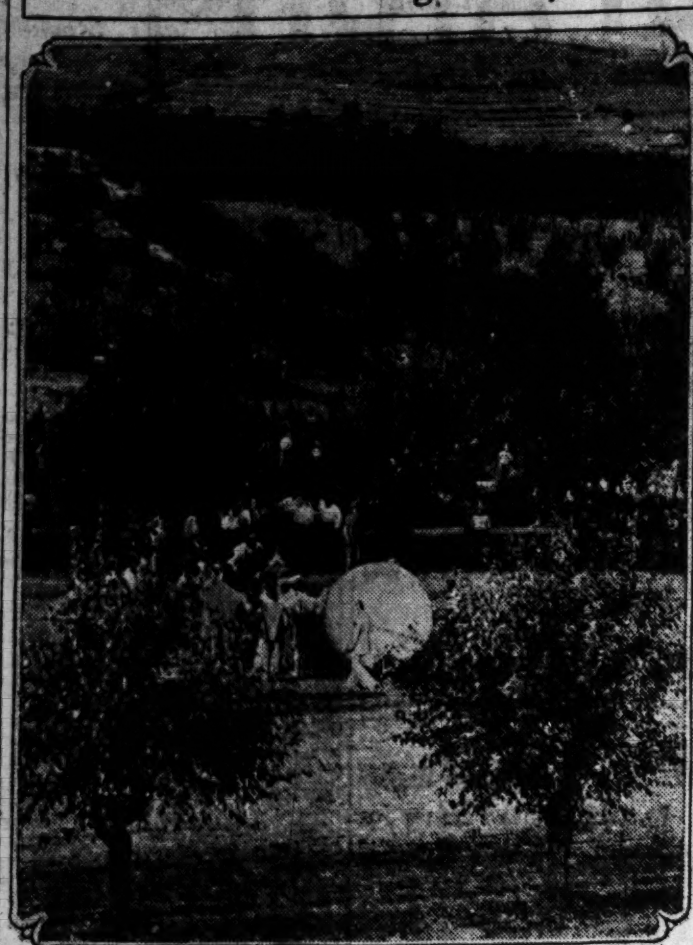

SAYS WOMEN BACK HOOVER

G. O. P. Committee Employs So Reports to President.

WASHINGTON, Aug. 28.—Mrs. Ellis A. York, director of women's activities for the Republican National Committee, said after a conference with President Hoover today she had given an optimistic report on the support he might expect from women voters.

Mrs. York said this support was given him because, despite "the problems of economic readjustment in these complex times, he has continued to work for conservation of the human resources of the country," in addition to "his work in behalf of children and the home."

Piccard's Landing in Italy

VIEW of the field near Venice, showing the metal gondola in which PROFESSOR AUGUSTE PICCARD and MAX COUSINS ascended into the stratosphere, after it had landed recently. The men went 53,000 feet above the earth before they were forced to descend. A large crowd immediately gathered around the men and their balloon.

cube inch piston displacement for a purse of \$150.

The other award winners in the Cincinnati Derby in order were: S. J. Wittman, Oakbrook, Wis.; Roy Liggett, Wichita, Kan.; Art Davis and K. M. Edwards.

Ben Howard Furnishes Thrill. Ben O. Howard, Chicago air mail pilot, also gave the crowds a taste of the flashy speed of his little white monoplane by plotting one of them to first place in a race for motors of 88 cubic inch displacement.

Ray Moore, Alameda, Cal., fought it out with him lap by lap until the seventh round when he dropped out with engine trouble.

Howard's race was a close one, as he was held up Saturday night at Wheeling, W. Va., by bad weather and 10 pilots dropped out of the race.

Zelcer's total points were 322. John Wright, Utica, N. Y., finished second; Lloyd West, Middletown, N. Y., was third; and Bertram J. Goldsmith, Allentown, Pa., was fourth.

C. M. Taylor, Little Rock, Ark., was the only one of the nine starters to finish in the derby for pilots who started with the pilots of privately-owned planes from New York.

Auto.-Hurdle Race. C. J. Faulkner, Bryn Athyn, Pa., piloted an autogiro to first place in a hurdle race.

Harold Neumann, Moline, Ill., won a closed course race of 21 miles for Cox-5 and Cox-6 motors. Maj. James H. Doolittle, former Army flyer, and Robert L. Hall, Springfield, Mass., designer, arrived yesterday in planes which will be flown in the Thompson trophy race.

Doolittle, "flying along behind a new motor, flew the 400 miles from Springfield, Mass., in two hours and 20 minutes. He was piloting the low wing "Bumble Bee" plane which Russell Boardman, New York, flew yesterday.

Doolittle said that he would fly the plane if Boardman did not. If Boardman flies, Doolittle said, he may fly his own plane in which he set a transcontinental record of 11 hours and 16 minutes last year.

This ship, made even faster this year, was damaged in a test flight last week, and eliminated from this year's transcontinental flight, but may be ready for the Thompson trophy event on Labor day.

Hall, in a plane built for Russell W. Thaw for the transcontinental race, announced he had been unable to get the ship to California in time for the start, and that he would pilot it himself in the Thompson trophy race.

Bean Taken From Lung, Baby Dies. By the Associated Press. KANSAS CITY, Mo., Aug. 28.—Edwin Pierce, 3 years old, died Friday shortly after a bean which he swallowed had been removed from his lung.

STRIKING MINERS SEEK PROTECTION FOR NEW INVASION

If Governor Fails to Act,
Leaders Plan to Make Appeal
to the Federal
Courts.

By the Associated Press.

OLLESPIE, Ill., Aug. 28.—Gubernatorial sanction for a second invasion of working Southern Illinois coal fields was sought today by leaders of striking miners protesting against reduced wage scale.

Failing to obtain such sanction, with attendant assurances of protection, the strikers plan to appeal to the federal courts, their leaders announced. They contend that under federal law they are entitled to peacefully picket the working mines.

William J. Roberts, Springfield, a member of the strikers' Policy Committee, said last night it had been decided not to make a second attempt to invade Franklin County until their legal rights had been established. Nearly 15,000 strikers were repulsed last week as they sought to enter Franklin County to persuade working diggers to join their strike. Many of them were clubbed and two shot by deputies.

Another legal appeal was injected into the situation when the strikers' leaders announced they would seek to determine if the activities of John L. Lewis, International president of the United Mine Workers of America, were in violation of an injunction issued nearly two years ago which restrained him from interfering with Illinois union affairs.

He said he regarded it as his duty to ward off interference by the influence of parties, and declared the "months to come" would be devoted to reconstruction along all lines.

President von Hindenburg, with the fate of the Reichstag in his hands, apparently is unwilling to drop the Von Papen Cabinet in favor of a coalition, despite the reported agreement between the Nazis and Centerists. Meanwhile, Von Papen was returning to Berlin to prepare his report to the President.

All the leading party leaders also were converging on the capital. Despite Von Papen's severe criticism of the leader of the National Socialists, he had luncheon with Hitler today. Gen. Kurt von Schleicher, Minister of Defense, said to be the most powerful man in the Von Papen Cabinet, was present. They talked over the political situation but observed complete secrecy regarding their conversation.

Hitler motored all day yesterday from Bavaria to Berlin. It was reported that the Chancellor had told the National Socialist leader that he was too late now to consider his proposals for taking a hand in the Government.

While in Berlin Hitler will also see former Chancellor Heinrich Brüning, leader of the Centerists. Von Papen's economic program aroused a storm of indignation in trade union circles, where it was declared he displayed "little practical knowledge of social matters."

Union critics expressed anger because "such a diminutive majority, which is opposed by the entire nation, contemplates encroaching on the rights of workmen," and they rejected the Government's plan, asserting that every reinstated workman would be looked on as responsible for the reduced pay of his fellow workers.

Hitler Paper Condemns Von Papen Program as "Risky."

MUNICH, Aug. 28.—The Hitler organ, "Völkischer Beobachter," today rejects Chancellor von Papen's economic program on the ground that financing the plan from revenues of the future without having a tangible guarantee is an absolute deviation from customary rules.

"It is risky to put an end to wage scale agreements of workmen," the paper says, "because such a measure would not increase the purchasing capacity but diminish it."

The paper finally criticizes Von Papen because "he doesn't dare to touch the big fortunes."

PRESIDENT RETURNS TO DESK AFTER VISIT TO RAPIDAN CAMP

Mrs. Hoover and Group of Friends
Remain at Retreat in Mountains.

By the Associated Press.

WASHINGTON, Aug. 28.—President Hoover returned to his desk today after spending a week-end at his Rapidan camp in the Virginia mountains with a group of friends. Mrs. Hoover and several members of the party remained at the mountain retreat.

The Chief Executive conferred during the ride from the mountains with Henry M. Robinson, Los Angeles banker and chairman of the Central Committee of the new business co-ordination organization.

When the President arose this morning heavy rain was falling in the mountains, slippery roads were encountered on the valley level where the skies were clear and the roads dry.

PINCHOT SAYS HE WON'T RUN
FOR SENATE AGAINST DAVIS

Pennsylvania Governor, Who Asked
Senate to Withdraw, to
Serve Out Term.

MILFORD, Pa., Aug. 28.—Gov. Gifford Pinchot of Pennsylvania stated at his home today that he would not run for United States Senator in opposition to James J. Davis.

The Governor's statement was in answer to speculation by political observers as to what he would do following his demand last week that Davis be asked to withdraw as a candidate for re-election.

"I have no intention whatever of running for United States Senator against Jim Davis," Pinchot said. "I undertook to do certain things for the State of Pennsylvania, and I am pledged to the people who elected me to carry out that undertaking. My job is at Harrisburg and that is where I shall stay."

NORMAN THOMAS CALLS U. S. ONE BIG CAPITALISTIC ASYLUM

Socialist Candidate for President
Opens Midwestern Campaign
at Grand Island, Neb.

GRAND ISLAND, Neb., Aug. 28.—Norman Thomas, presidential nominee of the Socialist party, opened a Midwestern campaign with an address to the Nebraska State convention yesterday. Capitalism, he said, cannot go on.

He said the United States has 12,000,000 unemployed in the United States and have the system go on forever, he said. "We're all in it," he said.

He said the voters who talked about shifting to Roosevelt reminded him of the man who got so mad at a rattlesnake he adopted a copperhead.

The State convention nominated John Paul of Harvard for Governor and apparently obtained enough signatures on a petition to place its candidates on the November election ballot.

FRISCO EXPECTS TO GET LOAN Reports Assurance of Aid From Railroad Credit Corporation.

NEW YORK, Aug. 28.—The St. Louis-San Francisco (Frisco) Railway Co. today stated it had received assurance of aid from the Railroad Credit Corporation in meeting Sept. 1 interest requirements.

In a statement issued from the company's offices here it was said the board of readjustment managers of the Frisco are gratified at the way deposits under the plan have been coming in. It also was announced that more than 60 per cent of the outstanding bonds had been deposited under the reorganization plan and that further deposits would be received up to Sept. 1. At that time, it was added, the time limit for depositing the securities probably again would be extended if necessary.

FARM PICKETS ROUTED IN FIGHT AT DES MOINES

50 Men With Clubs and
Pistols Release Four Milk
Trucks Caught in Road
Blockade.

By the Associated Press.

DES MOINES, Ia., Aug. 28.—Two men were arrested today and charged with malicious injury to property as picket lines of farmers' holiday adherents seeking higher prices for farm produce were tightened near here, and Sam C. Patterson, a member of the Khaki Shirts organization, who said he was a Des Moines resident, were arrested before Municipal Judge Russell Jordan, who ordered them held in lieu of \$1000 bail for trial tomorrow.

A group of 50 men, armed with clubs and pistols, fought a force of pickets blocking the intersection of the Vandalla road and Highway No. 60 near here at noon. The escort was a special crew sent out by the Des Moines Co-operative Marketing Association to bring in a milk truck that had been stalled for nearly three hours.

The escort went to a bridge on another highway, where seven trucks were blockaded by 150 pickets.

The convoy brought three trucks through, clubbing pickets who attempted to hang to sides of the trucks. Several strikers were bruised. The holiday adherents rushed to some nearby woods and began cutting branches for clubs.

The picketing farmers, numbering more than 250, were content yesterday to confine their activity to six roads. All trucks carrying produce and milk were halted, with the pickets attempting to persuade the drivers to turn back with their cargoes.

In only a few cases did trucks fail to run the blockade. Des Moines dairies estimated 90 per cent of the city's milk supply was delivered.

As farmers in this territory hoped to tighten their lines, similar movements were started in other parts of the State, including Fort Dodge.

At Council Bluffs and Sioux City, four points of the holiday during the last week, only one incident was reported to mar the otherwise peaceful picketing over the week-end. Pickets guarding the road from Tabor to Council Bluffs threw bricks, clubs and sticks through the windshield of a truck early yesterday. Harold Wolner of Tabor, driver, and M. M. Cruise, Omaha auctioneer, were cut and bruised.

Discovering that the truck contained only groceries, the pickets allowed the carrier to proceed, saying that "if there was any damage, we'll take care of it."

Several Deputy Sheriffs were dispatched to picket lines near South Sioux City, Ia., and Dakota City, Neb., after a group of farm holiday sympathizers threatened to harm a truck which attempted to run the blockade.

Six truckloads of hogs were forced to turn back by 800 pickets one-half mile west of South Sioux City. The hogs were intended for delivery at the Sioux City stockyards and had been shipped from Cedar and Dixon counties in Nebraska.

Pickets near Dakota City dumped a load of hogs when a Wayne

DROPS ALIENATION SUIT AGAINST MARLENE DIETRICH

Mrs. von Sternberg Dismisses Libel
Action Also. Ties Secretly
No Cash Involved.

By the Associated Press.

NEW YORK, Aug. 28.—Two suits for an aggregate of \$100,000 filed against Marlene Dietrich, motion picture actress, by Mrs. Rita von Sternberg, wife of Josef von Sternberg, motion picture director, were discontinued today.

Stipulations were filed by counsel for both parties to the suits announcing the settlement but not disclosing the terms. Lawyers for both Mrs. von Sternberg and Miss Dietrich said out of court, however, that no money was involved in the settlements.

Mrs. von Sternberg had sued Miss Dietrich for \$50,000 for alienation of the affections of Von Sternberg and for \$100,000 alleging libel.

CASH TO AID ROOSEVELT

NEW YORK, Aug. 28.—Gov. Roosevelt's appeal last week for campaign funds brought 1000 letters containing contributions from the South and the Midwest today.

The Friday and Saturday mail was all from the East and averaged \$7 a letter, the total being a little over \$400. Today's letters came from states far away as Arkansas and Nebraska.

County (Neb.) farmer insisted on driving through the blockade.

ST. PAUL, Minn., Aug. 28.—A giant central union embodying farm co-operative of 15 states, designed to increase farmer commodity prices, will be proposed by Gov. Floyd B. Olson at the Governor's conference in Sioux City, Ia., Sept. 9, he said today.

"Farm organizations," said Gov. Olson, "will have to forget their petty differences where such exist and get together if they are to accomplish anything in this crisis of low prices."

Expressing sympathy with the farmers' holiday movement, Gov. Olson said he believed farm co-operatives could not become fully effective in "returning prices to above the level of a fair cost of production," until they had a strong central organization. This he will propose at the conference called by Gov. Warren E. Hearnes, South Dakota, to consider the price levels of farm commodities.

The grievance committee last Wednesday held a preliminary hearing on the City Affairs Committee's charges against the Mayor's brother, Dr. William H. Walker, and four other physicians, and took their cases under advisement.

"Recognized authorities in the medical profession have declared that a widespread medical racket exists in New York City in compensation cases," said Blanshard, "and that the 'revelations' concerning Dr. Walker and his associates are only symptoms of a more fundamental evil."

He suggested the inquiry be made by the committee to review medical and hospital problems in connection with workmen's compensation insurance, a state agency.

WALKER CASE DELAYED BY DEATH OF BROTHER

Gov. Roosevelt Postpones
Ouster Hearing Until After
Funeral.

By the Associated Press.

ALBANY, N. Y., Aug. 28.—Gov. Roosevelt announced today that the hearing of ouster charges against Mayor James J. Walker would be adjourned until after the funeral of the Mayor's brother, George Walker, who died at Saratoga Lake. The hearing was to have been resumed tonight.

"Because of the death of the Mayor's brother," the Governor said, "the hearing, of course, will be postponed until after the funeral." It later was announced the hearing would be resumed at 12:30 p. m. Friday.

Mayor Walker has asked Supreme Court Justice Ellis J. Staley to enjoin the Governor from giving a decision in the case, and the Justice is expected to give his decision tonight.

Walker contended Gov. Roosevelt had no power to hear the ouster charges or to remove a Mayor of New York. The Governor's answer denies the judiciary can interfere in the executive functions of the Governor, and claims full power to remove the Mayor.

Walker's attorney, John J. Connelley, has hinted several times at a further court action if the decision went against the Mayor.

Calls on Roosevelt for Inquiry into Fee-Splitting.

By the Associated Press. NEW YORK, Aug. 28.—A general investigation into alleged fee-splitting and bill-padding in medical work for the city is requested by the City Affairs Committee in a letter to Gov. Roosevelt. Paul Blanshard, executive director of the committee, said in the letter that the grievance committee of the board of regents had refused his request to make such an investigation.

The grievance committee last Wednesday held a preliminary hearing on the City Affairs Committee's charges against the Mayor's brother, Dr. William H. Walker, and four other physicians, and took their cases under advisement.

"Recognized authorities in the medical profession have declared that a widespread medical racket exists in New York City in compensation cases," said Blanshard, "and that the 'revelations' concerning Dr. Walker and his associates are only symptoms of a more fundamental evil."

He suggested the inquiry be made by the committee to review medical and hospital problems in connection with workmen's compensation insurance, a state agency.

FUNERAL OF MISS MOREY

Services for Mrs. Clarence Howard's Wife Held in Los Angeles.

LOS ANGELES, Aug. 29.—Funeral services for Miss Gladys Morey, daughter of Frank L. Morey, former secretary of the Commonwealth Steel Co., were held today in Los Angeles, Cal., where the family has lived for several years.

SUIT FOR \$3,070,000 DAMAGES AGAINST CURTISS-WRIGHT CO.

New York Broker Charges Malicious Statements Damaged.

NEW YORK, Aug. 29.—A suit for \$3,070,000 damages was filed today in Supreme Court here today against the Curtiss-Wright Corporation and others by Elmer H. Holmes, investment broker, and the Holmes Airport, Inc., on the allegation that malicious statements to bankers, investors and newspapers damaged the Holmes Airport situated near the Curtiss-Wright properties on Long Island.

HALF-STARVED CHILD FOUND IN DARK ROOM

Parents Held for Grand Jury After Discovery of Speechless Boy.

GALLIPOLIS, O., Aug. 29.—Mr. and Mrs. Sylvester Hector, who are alleged to have held an unwanted child in an upstairs room of their home, naked, half-starved, unclean and speechless, were formally arrested today. Arraigned before Justice of the Peace Fred Millisor, they were held for action of the Gallia County grand jury, and then released without bond.

SCIENTISTS CROWD CONWAY, N. H., TO OBSERVE ECLIPSE

Professional and Amateur Astronomers Prepare to Make Record of Phenomenon.

CONWAY, N. H., Aug. 29.—This town and nearby communities for the moment the astronomical center of the fact that they lie in the path of totality of next Wednesday's solar eclipse, bustled with activity today.

CHARLIE CHAPLIN (left) as he appeared on the stand in Los Angeles in an effort to keep his divorced wife, LITA GREY CHAPLIN (right), from putting his sons into the movies. He said his own stage career began at the age of five and that he wanted to save his boys like "suffering." An appellate court order restraining Superior Judge H. P. Wood from continuing the hearing of the suit has been issued.

RAILROADS OPPOSE TRUCKING OF COAL

Make Protest Against Plan of Board of Education to Save \$12,485.

ST. LOUIS, Aug. 29.—The Board of Education today announced a plan to truck coal from the city's school system. The plan, which would save \$12,485, is being opposed by the railroad industry.

**REPORTS GANGSTER KLEGMAN
RAN GUEST OUT OF HOTEL**
Clerk Says "Crying Dave" Kicked
in Door, Drew Revolver, Then
Found Man Gone
Police called to the Leonard Hotel, 1222 Olive street, early today were told John Bradley, a guest, had fled down a fire escape as a man who said he was David Klegman broke into the guest's room with a drawn revolver. Klegman, known as "Crying Dave," is a gangster and former convict. Edward Griffin, night clerk, said Klegman and a companion asked to see Bradley. When he informed Bradley that two men wished to see him, he said, Bradley asked him to tell them to return later. Klegman, the clerk said, then went to Bradley's room on the third floor, kicked in a panel of the door, unlocked it from the inside and entered, drawing a revolver. Bradley had disappeared and a window at the fire escape was open.

HITS ROBBER WITH CASH BOX, FAILS TO SAVE HIS \$200

**Theater Manager Strikes
One of Two Holdup Men
on Head in Effort to
Save Cash.**

John Shea, manager of the Montgomery Theater, 2705 North Fifteenth street, struck a robber on the head with a cash box last night, but was unable to prevent the theft of \$200 by the robber and a companion.

Shea, who was taking the box with the money to Northwestern Trust Co., Fifteenth street and St. Louis avenue, had gone only a short distance from the theater when the robbers stopped him and ordered, "Hand over the money!" Instead, he hit the nearest one with the tin box, which burst open and scattered the money in the street.

The second robber fired a shot, which missed Shea, and stood guard as the other robbed him and after money. Both then fled to an automobile in which a third man was waiting and escaped.

**Grocer Robbed of \$100, Auto and
His Jewelry.**

Ely Holtzman, a grocer, was robbed of \$100, jewelry valued at \$125 and his automobile at midnight Saturday by two men, who held him up as he was putting his car in the garage in the rear of his home, 5876A Theodosia avenue. The automobile was later found abandoned.

Returning to his automobile after taking a young woman to her home in the 2800 block of North Euclid avenue early yesterday, Duhiel J. Etkorn, 4907 N. Highland place, was accosted by two men, one of them armed, who crowded into the automobile and ordered him to drive to Marcus and Kennerly avenues. There a third man got into the automobile and after ordering Etkorn to drive further, they robbed him of \$45, a watch and his automobile. Although they said the automobile would be later found abandoned, it has not been recovered.

Bert Hill, night clerk at the Broadway Hotel, 114½ North Broadway, was held up Saturday night by an armed man who robbed him of \$3.50 and then ordered him to lead the way to the room of the day clerk, Harry Smith. Smith was awakened and robbed of \$1.40, after which the robber tied him to the bed, put Hill in a closet and escaped. The hotel is operated by the Salvation Army.

Following a burglary at the confectionery of Arnold Sexauer, 1901 Pine street, last night, police arrested a Negro who was attempting to sell cartons of cigarettes. The prisoner, who gave his name as Earl Valley, is said by police to have admitted the burglary, in which tobacco valued at \$37 and a \$35 radio were stolen. The radio was recovered after it had been sold for \$2.

Sportsman's Inn, a soft drink parlor at 2901 North Grand boulevard, was entered Saturday night by burglars who looted a cash drawer of \$200 and stacked up cartons of cigarettes to be carried out. A policeman discovered a door open before the burglars returned for the cigarettes.

25,825 FREE MEALS IN WEEK

Father Tim's Serves That Number; Food Donated.
A total of 25,825 free meals were served last week at Father "Tim" Dempsey's emergency lunch room, 1209 North Sixth street.

The food, practically all of which was donated by merchants and farmers, consisted of 613 pounds of meat, 1719 loaves of bread, 140 pounds of coffee, 26 gallons of milk, 540 pounds of macaroni and assorted vegetables.

The only salary paid was to the cook, who receives \$10 a week. Meals are served at morning and at noon.

TALKS ON NATIONAL DEFENSE

Major Bennett A. Molter Speaks at City Club.
Major Bennett A. Molter of Washington, national secretary of the Reserve Officers' Association, who is touring the country in the interests of national defense, spoke at the City Club this noon at a meeting of the Missouri department and the St. Louis chapter of the association.

Major Molter told of the relation of the association to national defense and discussed the stay of the bonus army in Washington.

KILLS WIFE IN QUARREL

Mrs. Sarah Brown, 40 years old, a Negro, was killed yesterday when her husband, Alexander, knocked her down at their home, 2323 La. Salle street, in a dispute which started when she objected to his going to a baseball game. Her head struck a table.

Brown told police that he struck his wife when she threatened him with a knife during the altercation. He is held for the coroner.

Cop Catches Second Opossum.
Probationary Patrolman Roland Farnsworth, Wyoming Street District, investigating a noise in a doorway at 3540 South Broadway early today, discovered that a second opossum had invaded his beat. Farnsworth captured the animal and took it to Wyoming Station. Several months ago the officer caught an opossum in the same neighborhood and turned it over to the zoo. His newest captive will receive a home at the zoo, unless claimed by an owner.

TWO FACTORIES HERE MAKING OIL RANGES FOR HAWAII

Plants of Majestic Manufacturing Co. Go on Six-Day-a-Week Basis.
Two of the three St. Louis factories of the Majestic Manufacturing Co. have been put to work six days a week for several months by one large order, with later orders indicating the activity may continue, its president, Carl E. Sommer, said today. The factories have been working part time.

The largest order was for 102 oilburning ranges for the Hawaiian Islands, a shipment equivalent to 17 carloads. Each range crated weighs 2800 pounds and is 12½ feet long. Water transportation enabled the St. Louis manufacturer to compete with the Pacific Coast. The ranges, of which half are on the way to Honolulu, go by Federal barge line to New Orleans and by steamer through the Panama Canal to San Francisco for transshipment to Hawaii.

Sommer remarked that he found sources of materials virtually stripped of stock, so that the order here contributed to employment elsewhere, as at Pittsburgh, where it caused brick kilns to run 24 hours a day for 17 days.

Missouri Pacific Freight Wreck.

By the Associated Press.
POPULAR BLUFF, Mo., Aug. 29.—Eight cars of a Missouri Pacific freight train were wrecked last night at Irondale, between here and St. Louis, with injury to a Negro rider. Division Supt. J. W. Dougherty said today the wreck was due to a broken arch beam on a car containing a molasses shipment and that the track had been cleared at 3 a. m.

TWO E. ST. LOUIS STORE FIRES INVESTIGATED BY POLICE

Each Said to Have Been Preceded
By Explosion; \$5000 Total
Damage.

Two store fires in East St. Louis yesterday, each of which was said to have been preceded by an explosion, are being investigated by East St. Louis police.

An early morning fire in the clothing store of David Gerwig, at 1117 Waverly avenue, caused \$2000 damage. The owner of the building, Frank Contratto, lives on the second floor.

Contents of a dry goods and shoe store owned by Sam Cohn, at Sixth street and Trembley avenue, were damaged \$5000 in a fire last night.

3548 New Suits Filled.
There were 3488 suits filled for the September term of Circuit Court, which opens next month. The number is 253 under that of the corresponding term last year. Saturday was the last day for the issuance of summons to the ensuing term.

MISSOURI G. O. P. CHIEFS ARRANGE EARLY CAMPAIGN

To Hold Four Sectional
Meetings, Before Plat-
form Committee Assem-
bles Sept. 13.

Special to the Post-Dispatch.

JEFFERSON CITY, Aug. 29.—Plans for an active State campaign were formulated by Republican leaders, and candidates, at a meeting here yesterday.

Four sectional meetings, one in each corner of the State, at which State candidates will make addresses, will be held in advance of the platform committee meeting for Sept. 13 in Jefferson City.

Immediately after the platform convention State headquarters will be opened in St. Louis and speakers provided by the Republican National Committee will join the State candidates in an intensive speaking campaign.

The conference here yesterday was attended by Dr. E. B. Clements, Republican National Committee chairman; Gov. Caulfield, Lieutenant-Governor Edward H. Winter, the party's nominee for Governor; Henry W. Kiel, nominee for United States Senator, and other candidates.

Mills and Hurley to Speak.
Congressman David Hopkins, one of those present, announced that campaign speakers in Missouri will include Ogden Mills, Secretary of the Treasury; Patrick J. Hurley, Secretary of War; Senator Roscoe Patterson and Gov. Caulfield. Hopkins is connected with the party's national speakers' bureau at Chicago.

L. D. Thompson, State Auditor, and nominee for Secretary of State, was appointed to arrange for the four sectional meetings to be held before Sept. 13.

Lieutenant-Governor Winter was authorized to appoint a committee to prepare a tentative draft of a State platform.

Kansas City Vote Discussed.
The Kansas City situation was extensively discussed in view of the large vote polled by the Pendergast machine candidates on the Democratic ticket in the primary election. Some fears were expressed of possible irregularities in Kansas City in the general election in favor of the Democrats. Caulfield, however, informed the conference he had implicit confidence in the present Board of Election Commissioners in Kansas City.

There was some discussion of means of raising campaign funds, including suggestions for assessing candidates and inviting contributions from all Republican holders of State jobs. There are many employees in the various State departments who would lose their places if the Democratic State ticket should be elected.

Woman Wets Send Questionnaire to Legislative Nominees.
A campaign for election of Missouri Congressmen who favor outright repeal of the eighteenth amendment is planned. It is announced today by Mrs. Louis P. Aloe, acting chairman of the Missouri branch of the Women's Organization for National Prohibition Reform.

Mrs. Aloe also said her organization would seek the election of members of the State Legislature who would vote for ratification of repeal and for changes in State law to permit the opening of breweries. Questionnaires covering these points are being sent to all State congressional and legislative candidates.

Kiel Makes Week-end Campaign Tour in Southwest Missouri.
Former Mayor Henry W. Kiel, Republican nominee for United States Senator, carried his campaign into Southwest Missouri over the week-end. Accompanied by his daughter, Miss Edna Kiel, and his son-in-law, Judge Granville Hogan, he toured Friday and Saturday through Phelps, Laclede and Webster Counties, arriving Saturday night at Springfield, Greene County. Kiel sought to meet as many as possible of the influential Republicans in the towns visited, among them were Russ Lebanon and Marshallfield. Heretofore Kiel has not been widely known in Southwest Missouri and in the recent primary in that section he ran behind former Congressman Dewey Short, whose home is near Springfield.

At several places Kiel made short addresses.
**TWO DROWN AND FOUR ESCAPE
WHEN AUTO FALLS INTO RIVER**
Car Goes Through Open Draw Bridge at St. Joseph, Mich., When Gates Fall.
By the Associated Press.
ST. JOSEPH, Mich., Aug. 29.—Two motorists were drowned early yesterday and four others escaped when their automobile plunged through an open draw bridge into the St. Joseph River. Witnesses said the safety gates did not operate.

The dead: Miss Joyce Ormiston, 24 years old, and Glenn Burkenstock, 26, both of Kalamazoo, Mich.
The rescued: Miss Mildred Brink, 19, Kalamazoo; Miss Vera Hadley, 23, Benton Harbor; Martin Opem, Sumbrook, Minn., and E. E. Johnson, 24, St. Joseph. Opem, an art teacher in Benton Harbor High School, was driving the car. The survivors escaped by breaking the windows of the submerged sedan.

HENRY W. KUECHENMEISTER'S WILL FILED FOR PROBATE

No Estimate of Retired Manufac-
turer's Estate; One-Half
Left to Widow.

The will of Henry W. Kuechenmeister, retired paper box manufacturer, who developed the largest private collection of evergreens in the Middle West, was filed in Probate Court at Clayton today, leaving his entire estate to relatives. Mr. Kuechenmeister, 55 years old, died last Wednesday of kidney disease after an illness of 10 months. No estimate of the size of the estate was available. Kuechenmeister and his brother, John, realized nearly \$1,000,000 from the sale in 1927 of the St. Louis Paper Can & Tube Co., which they founded in 1900. The will provides that John receive \$1 from the estate.

One-half of the estate is left in trust for his widow, Mrs. Blanche M. Kuechenmeister, who resides at the family home on Geyer road, south of Kirkwood, where Kuechenmeister developed his large Pinetum. The other half is divided as follows: Forty per cent to his brother, Fred, of St. Louis; 25 per cent to another brother, Frank, Chicago; 20 per cent to a sister, Mrs. Minnie Christensen, Chicago, and 15 per cent to a niece, Irene Brown, Cleora, Ill. The Kuechenmeisters had no children.

A WISE WORD TO MOTHERS
ABOUT SISTER AND BROTHERS

If you want to make 'em mind their P's and Q's
 put Dr. Pepper on the "pay-roll." It's amazing
 how this simple reward at 10, 2 and 4 o'clock
 does make kids behave. It's amazing, too, how it
 helps both health and growth. The little ounce
 of sugar, so alluringly flavored with fruit juice,
 spices and herbs, supplies new energy quick. It
 helps hungry kids carry on.

Dr. Pepper
 GOOD FOR LIFE

MAN WHO KILLED TWO WOMEN
DIES AFTER TAKING POISON
 Had Jumped or Fallen From Train
 After Double Murder at
 Baltimore.
 By the Associated Press.
 BALTIMORE, Aug. 29.—A man,
 who left a note to his father say-
 ing, "this is the only way out," and
 then killed two women Saturday
 night by slashing their throats with
 a razor, died yesterday from poison
 he had taken before he broke his
 back in a jump or fall from a rail-
 road train.
 The man, who told police he was
 William Mosely of Middleboro, Ky.,
 admitted he killed Mrs. Grace
 Gregory and Miss Helen Pritchard,
 but declined to say why he had
 done it except to say "I had an
 argument with my sister, Grace."
 He was discovered several hours
 after the women were slain, lying
 beside the Baltimore & Ohio Rail-
 road tracks, some distance from
 the home where he and the women
 lived.
 The killing was witnessed by 5-
 year-old Bobbie Evelyn Pritchard,
 who screamed, "Don't kill my
 mother," as Mosely hacked the
 women with his razor.
 The child said Mrs. Gregory was
 her mother and that Miss Pritchard
 was her aunt. This was de-
 nied by Mrs. Madeline Gregory,
 who said her son, Michael Gregory,
 known locally as "Mike the Greek,"
 now serving a term in the Mary-
 land House of Correction, was Mrs.
 Grace Gregory's husband. She also
 said Miss Pritchard was Mosely's
 wife and mother of the child.

MRS. McPHERSON ILL. AGAIN
 Reported to Have Collapsed Be-
 fore Entering Pulpit.
 By the Associated Press.
 LOS ANGELES, Aug. 29.—Mrs.
 Aimee Semple McPherson Hutton,
 evangelist, returning to her pulpit
 last night, after a five months' ab-
 sence on account of ill health, was
 reported by Angelus Temple offi-
 cials to have suffered a collapse be-
 fore entering the church. How-
 ever, the evangelist delivered a
 brief sermon, although she was
 weak and pale.
 On several previous occasions,
 Mrs. Hutton has collapsed as she
 pursued her evangelistic work. She
 recently took a prolonged rest in
 an effort to regain her health.

MAN KILLED BY FALL
FROM HIS SON'S AUTO
 Skull Fractured When He Steps
 Out of Car When It Is
 in Motion.
 John Breher, 55 years old, a
 shoemaker, 2142A Victory street,
 died at Missouri Pacific Hospital
 today of a fractured skull suffered
 last night when he fell from the
 running board of his son's moving
 automobile on Watson road near
 St. Peter and Paul's Cemetery.
 The son, Roy Breher, told police
 his father asked him to stop the
 car to enable him to get out for a
 few minutes. As he slowed the car,
 the son said, his father stepped on-
 to the running board and was
 thrown to the pavement.
 Roy, 3, hit by Auto Friday, Dies
 of His Injuries.
 Roy Hansard, 3 years old, died
 at Christian Hospital today of a
 skull injury suffered last Friday
 evening when he was struck by an
 automobile in front of his home.
 The driver of the machine was
 August G. Childs, 5444 North Euclid
 avenue.
 Auto Theft Bureau Clerk Injured
 When Car Hits Pole.
 Clifford Snyder, clerk in the Au-
 tomobile Theft Bureau at Police
 Headquarters, lost seven teeth and
 was cut on the face when his auto-
 mobile struck a trolley pole at
 Kingshighway and Landowne ave-
 nue at 2:30 a. m. today. Snyder re-
 ported he swerved his machine
 sharply to avoid a collision with
 another automobile.
 Thomas Robertson, 2717 Sutton
 avenue, Maplewood, suffered a
 skull injury, and Raymond Satorf,
 a chauffeur, 2769 McClelland ave-
 nue, was cut and bruised when the
 motorcycle they were riding Sat-
 urday midnight struck the rear of
 an automobile in front of 3185 Iv-
 anhoe avenue.
 Mrs. Kathleen Olms, 5831 Hobart
 street, suffered a skull injury and
 a fractured leg when the automo-
 bile in which she was riding colli-
 ded with another machine on
 Manchester road, near Lindbergh

boulevard, and was upset, early
 yesterday. The driver of the other
 machine did not stop. Mr. and Mrs.
 Lester Hickey, 2104 Warren street,
 riding with Mrs. Olms, were cut
 and bruised.
 David Carruthers, 3633 California
 avenue, was injured internally last
 night and his wife, Mrs. Sophia
 Carruthers, suffered internal inju-
 ries and fractures of both arms and
 the nose, when he lost control of
 his automobile at Watson road and
 the city limits and the car struck
 a steam shovel in a parkway. They
 were taken to Lutheran Hospital.
 William Conway, residing at
 Osaniam Shelter, 2215 Montgomery
 street, suffered internal injuries and
 a fracture of the left hip yesterday
 when struck by an automobile at
 Washington-avenue and Eighteenth
 street. The driver, who said he was
 Ernest Ennis, a school teacher of
 Corning, Ark., said Conway stepped
 in front of his machine from be-
 hind a street car.

FOUR DROWN IN TEXAS FLOOD
 Wall of Water Hits Automobile
 After 6-Inch Rain.
 By the Associated Press.
 BOVINA, TEXAS, Aug. 29.—
 Four persons were drowned in a
 small creek one half mile east of
 Bovina today, after a six-
 inch rain had flooded the usually
 dry gulch.
 Mrs. C. B. Waddell and two
 small daughters, Vivian and Vir-
 ginia, of Friona, Texas, lost their
 lives when the family automobile
 was caught by a wall of water and
 washed downstream. Waddell es-
 caped with a baby daughter.
 While searching for the bodies
 Richard Caldwell, 21 years old,
 fell from his horse and was
 drowned.

'RED' VERSE ON GRANT'S TOMB
 Couplet Smeared on Wall in Four-
 inch Letters.
 NEW YORK, Aug. 29.—The wall
 of Grant's tomb has been smeared
 in four-inch letters of red paint
 with this couplet:
 "The good but starve; the order of the
 day
 Is prey on others or become a prey."
 George D. Burnside, custodian
 of the tomb, described the vandal-
 ism as "the most dastardly occur-
 rence since the tomb was built."
 Efforts to remove the red letters
 with turpentine today succeeded
 only in making them slightly less
 distinct.

FOR RELIEF FROM 'OPPRESSIVE
TAXES' ON CITY TRANSIT LINES
 Franchisees and Taxicab Regulation
 Among Recommendations of
 Report.
 By the Associated Press.
 WASHINGTON, Aug. 29.—An
 "urgent need for relief from op-
 pressive special taxes" is set forth
 by a special committee of the
 Chamber of Commerce of the United
 States as one factor to aid city
 passenger transportation companies
 in fully meeting urban transit prob-
 lems.
 This statement was coupled with
 10 recommendations for assisting
 in solution of the problem, which
 were submitted by the committee
 to the chamber's membership for a
 vote to obtain the organization's at-
 titude. Among the committee's
 recommendations are:
 Co-operation of business and civic
 officials in fostering responsible
 private transportation operations
 under proper regulation.
 Encouragement of the efficiency
 of transportation agencies by public
 regulation, providing proper co-
 ordination and preventing unfair
 competition.
 Development of differential rates
 for off-peak and short-haul service.
 Fixing taxicab rates by taxime-
 ter, based on cost and a reasonable
 profit.
 Indeterminate franchisees, flexible
 in terms, subject to regulation.
 The report showed 14,000,000,000
 passengers carried in the cities by
 street railway and bus lines in 1930,
 listing 590 companies with a total
 capital investment of \$3,150,000,000.

18 KILLED IN TRUCK WRACK
 By the Associated Press.
 PONCE, Puerto Rico, Aug. 29.—
 Eighteen persons were killed and
 58 injured today when a motor
 truck loaded with delegates to a
 meeting of the Liberal party skid-
 ded and rolled over a cliff.
 Steamship Rates to Go Up Again.
 NEW YORK, Aug. 29.—The
 Times says shipping men are plan-
 ning to increase passenger rates on
 trans-Atlantic travel at a confer-
 ence in Europe next October, to be
 held probably in Paris or London.
 Last April rates were lowered about
 30 per cent. As a result, passenger
 traffic increased on most lines, but
 not sufficiently to equalize the low-
 ered income, the paper says.

August Furniture Sale

Wise Spending Is Intelligent Saving!
Don't Delay! Traditional Savings of

10% to 50%

Spotlight This as the Time to Buy!

It's not the savings alone... but the incredibly low prices that prevailed even before this Sale, and now reduced to new lows, that make this event doubly significant. Tuesday and Wednesday remain during which you can convince yourself that, in your many years of buying, you have yet to see furniture dollars accomplish as much as in this August Sale. That's been the verdict of numberless St. Louisans whose keenest enthusiasm has been aroused upon visiting our furniture department.

This Forceful Fact Speaks Persuasively for Itself: \$1 Today Is More Than the Equal of \$3 Spent for Furniture in 1920!

No Large Cash Outlay

Is necessary to participate in these saving opportunities. Pay little by little over a long period of time... through our liberal Deferred Payment Plan.

Cardinals Idle; Street Takes Comfort From Fine Pitching

By J. Roy Stockton.
Gaby Street will have to find a third baseman and a couple of right-handed batters for the Cardinals can be rated among the favorites in the 1932 season race, but as this season of variations, abrasions and fractures reaches the curtain stage, you'll have to pardon the Old Sergeant being rather cocky about his thing.

Many a manager would be sleep-soundly if he could match four young hurriers—Dizzy Dean, Paul Derringer, Bill Hallahan and Tex Carleton—who will be the nucleus of the Cardinals' staff of 1933.
Max Carey, for instance, would all fluster over his pennant prospects if he had Street's quartet of ball stars, instead of the Brook-cuning corps, which includes only too many of what the trade "soft ball" pitchers.

Derringer a Master.
Derringer's performance was a better than the base hit total would indicate. One Dodger reached second base in the first inning when a walk followed a single, and another reached the mid-station in the fourth when an error followed a single. But except in those two frames and the sixth, when the two doubles preceded a shutout, Brooklyn couldn't get a man as far as second base. The Cardinals won for Derringer, bunting five of their six hits in the sixth inning, and a stolen base by Ripper Collins, who was sped by Lopez's poor throw, was the break of the game. Two were out when Collins, who had singled in the second, Bottomley then singled for the third hit off Bill Hallahan, scoring Collins. Watkins doubled to left, scoring Bottomley. Derringer doubled, scoring Watkins. Puccinelli singled to send Mar-

Dean, winning the second game, to 4, scored his third victory in five days, but Jerome Herman, who more of a Dazzler than Dizzy, was tired and draggy in the late innings and when the Dodgers socked him for two runs in the eighth he turned an ankle fielding a bouncer, he was given the rest of the day off and Sylvester Johnson pitched for him.

No. 14 for Mr. Dean.
It was Dean's fourteenth victory of the season and with 27 games still to play he has a fine chance of finishing with 20 victories.
Manager Street decided that it was time to see what Pepper Martin could do at third base. The Old Horse of the Osage had been mulling at the infield position a month. Gaby figuring that might be just the right man to succeed Sparky Adams. You see, with Joe Medwick and George Puccinelli and Erv Swanson due for a fall in the majors, the Redbirds may find themselves with an over-supply of outfield talent. And if Martin could be converted, it would be a big help.

Proper handled two chances in the eighth inning to win the game. The Cardinals won 4-3. The Cardinals' victory was a big help. The Cardinals' victory was a big help. The Cardinals' victory was a big help.

WASHINGTON WINS 13-INNING GAME FROM BROWNS, 7 TO 6

CARDINALS IDLE; STREET TAKES COMFORT FROM FINE PITCHING

By J. Roy Stockton.
Gaby Street will have to find a third baseman and a couple of right-handed batters for the Cardinals can be rated among the favorites in the 1933 season, but as this season of attrition, abrasions and fractures approaches the curtain stage, you'll find that the Old Sergeant is being rather cocky about his batting.

Dodgers Drop to Third.
They might be on his way to a win in his first year as a big-league leader if he had Street's bat. But while Max's staff did well at home that clerks in the city court asked for vacations they could accompany the team to the Western trip, disaster overtook the Carey forces when his ball artist tried to throw their way past the rampant Cubs. The Cardinals won for Derringer.

Derringer's performance was better than the base hit total indicated. One Dodger reached second base in the first inning when a walk followed a single, and another reached the mid-station in the fourth when an error followed a single. But in those two frames and the third, when the two doubles preceded a shutout, Brooklyn didn't have a man as far as second base. The Cardinals won for Derringer.

No. 14 for Mr. Dean.
Dean, winning the second game, scored his third victory in the series, and Jerome Herman, who more of a Dasher than Dizzy, was tired and drugged in the late innings and when the Dodgers socked him for two runs in the eighth, he turned an ankle fielding a grounder. He was given the rest of the game and Sylvester Johnson pitched for him.

Three Auto Race Drivers Killed In Accidents

WOODBRIDGE, N. J., Aug. 29.—A collision in the second five-mile qualifying heat of the season's first racing program at Woodbridge Speedway cost Frankie Farmer, nationally known automobile racer, and Bill Neapolitan of Philadelphia their lives yesterday.
The accident occurred as Farmer tried to pass Neapolitan on a bank. Neapolitan's car turned over and his chest was crushed. Farmer suffered a compound fracture of the skull. They were taken to Perth Amboy Hospital and pronounced dead.
The feature event was won by Bryan Saulpaugh of Philadelphia, who covered the 25 miles in 26 minutes 4 seconds.

COFFIN AND MRS. LAY WIN MIXED DOUBLES ARCHERY TOURNAMENT

In the first mixed doubles archery tournament to be sponsored by the Mount City District Archery Federation at Forest Park yesterday high score was turned in by Mrs. N. B. Lay and Sam Coffin. Mrs. Lay scored 1225 points and Coffin, 1157.

REITER SCORES A 73 IN CADDY GOLF TOURNEY

By W. J. McGoogan.
CRYSTAL LAKE COUNTRY CLUB, Aug. 29.—Those boys who carry the bags on the golf course and occasionally pull out a club and show a natural swing in stroking at an imaginary ball shoot in the 80s and 90s, mostly. At least that's the way it looks from the scores made here today as more than 100 caddies began play in the first annual caddy tournament under the auspices of the St. Louis District Golf Association.
Al Reiter, from St. Louis Country Club, had a sparkling 13 in Class A, to lead among the boys of 18 or over who are playing four 18-hole rounds for low total.
In Class B, J. Kiefer of Westborough set the pace with 76. In this class there were 42 contestants for 32 places in match play, which will begin tomorrow.
An 81 by Donald Koob of Glen Echo was low in Class C.
The boys represent 21 clubs in the district and were selected after qualifying rounds at their clubs.
Dr. Jean Mason of the district organization who has arranged the tournament announced that the caddies themselves were handling it, and buying prizes with their own funds.

TILDEN AND CREW SAIL FOR EUROPE SEPT. 7

By the Associated Press.
INDIANAPOLIS, Ind., Aug. 29.—A thunderstorm brought a sudden end to the exhibition matches started here by William T. Tilden's professional tennis troupe yesterday after half of the program had been completed.
Bruce Barnes defeated Emmett Pace in a single-set encounter, 6-4, and Tilden was leading Hans Nusslein of Germany, 6-4, 1-5, 6-3 and 2-2, when rain started to fall.
The courts were drenched and the players decided to return to New York immediately without completing the series, which was to have closed with a doubles match.
They will play at Birmingham, N. Y., Wednesday, and all but Pace will sail for Europe Sept. 7 for an extended tour.
Tilden said today that arrangements already had been completed for a series of matches in France and Germany, and negotiations are under way for contests in England and Italy.

HAGEN SHOTS A 67 IN PRACTICE FOR P. G. A. EVENT

By the Associated Press.
ST. PAUL, Minn., Aug. 29.—Walter Hagen, five times P. G. A. champion, has served notice that he is "on" his game and will be a major threat in the National Professional Golfers' Association tournament opening at Kellie Course here tomorrow.
"The Hags" reported yesterday, went to Interlachen at Minneapolis and there shot a brilliant 67, to tie the unofficial course record and shatter par of 73 by six strokes. Hagen went out in 33 and came back in 35. His 67 total was one better than the 68 registered by Bobby Jones during the 1930 National Open at Interlachen.
While Hagen got in his practice in Minneapolis, several score other contestants for the 1932 P. G. A. crown paraded around Kellie's rain-soaked course here and most of the 105 entrants planned their final workouts today.
Tom Creavy of Albany, N. Y., the defending champion, turned in a 77 yesterday. Creavy is exempt from the 36 holes of qualifying play starting tomorrow and will have his first competition on Wednesday when match play starts.

Lefty Gomez Wins His 22d Game

By the Associated Press.
NEW YORK, Aug. 29.—A six-run rally in the sixth inning gave Lefty Gomez his twenty-second victory of the year and the New York Yankees a 10 to 1 decision over the Chicago White Sox in the first game of today's doubleheader.
First baseman Lou Gehrig, Grand Hopes Campfire, Don Down, Lester, Second baseman W. Bill Kennedy, Third baseman Benji Davis, Shortstop, Roy Brown, Left fielder, Dick Cade, Right fielder, Little Kid, Fourth baseman, Lefty Gomez, Pitcher, Lefty Gomez, Manager, Lefty Gomez, Umpire, Lefty Gomez, Scorekeeper, Lefty Gomez, Time, 1:54.

SCHENBERGS AND SENTINELS REACH MUNICIPAL BASEBALL FINALS

HOKEY NEWS AND WEICKS LOSE BY 9-6 SCORES IN FAST CONTESTS

With each team winning its semi-final game by a 9-6 score, the Sentinels of the De Molay League and the Schenbergs of the South Side League yesterday entered the finals of the competition for the Municipal baseball championship. The teams will start a three-game series for the title next Sunday. The semi-finals were played as a double-header at Fairgrounds and were witnessed by a crowd estimated at 7500.

The defeat of the Honey Deas, defending many champions and National Parks title-holders, was a distinct surprise and the climax which brought victory to the Sentinels was a thriller.

With the Honey Deas holding a 6-5 lead after eight innings of play, victory for the champions seemed assured. But, in the ninth, the Sentinels filled the bases with two out. The issue decided was "up to" Hahn, the De Molay team's right fielder. He found Hughes on third, Hadley on second and Fay on first, a double and two passes of Stange, creating the interesting situation. Norman Wagner, Missouri U. star, now the property of the Cardinals, relieved Stange at this point and Hahn hammered out his homer off him. Grunewald pitched the entire game for the Sentinels and, after a shaky first two innings, worked a nice game.

The game between the Schenbergs and the Weicks also was hard-fought. For eight innings, the teams battled almost evenly with the Schenbergs holding a 7-6 advantage after the eighth. Then, in the ninth, Starkloff hit a triple and Cameron came through with a homer to make the decision sure for the South Side Stars.

SENTINELS		HONEY DEAS

BEN MILLERS NOW ARE IN SECOND PLACE IN TROLEY LEAGUE RACE

With the St. Louis Dairys and Edgemonts tied for first place, the Ben Millers took second position in the Trolley League race yesterday by defeating the Mount Oliver club, 7-5. In other games, the Edgemonts defeated the Standards, 10-0, and the Dairys won from the Relmans, 7-0.

The standings:

Team	W	L	Pct.
Edgemonts	10	0	1.000
Dairys	7	0	1.000
Ben Millers	6	1	.857
Standards	5	2	.714
Relmans	4	3	.571
Mount Oliver	3	4	.429

BROWN AND HODGE WIN TRIPLE A CHAMPIONSHIP

Wray Brown and Karl Hodge won the men's doubles championship of the Triple A Club by defeating Joyce Fortney and Herbert Weinstein in the final round yesterday afternoon. The score was 6-1, 6-2, 6-1.

The champions took an early lead and were never in danger. Brown's service and overhead smash and Hodge's hard drives gained many points. Fortney missed a number of easy volleys at the net, while Weinstein was not as accurate as usual.

Post-Dispatch Contest Rules

THE contest is open to every one, except employees of the Post-Dispatch and their families.

Entries will close Aug. 31 at midnight, and letters bearing postmark up to that time will be considered eligible.

The contestant naming the same players in the same positions and batting order as Babe Ruth wins the first prize; but in event no contestant duplicates Ruth's picks, the one nearest will be considered the winner.

In addition to naming the players to conform to those chosen by Ruth, contestants must arrange them in the same batting order as Babe Ruth. The Babe has agreed to place his choices in the order in which he thinks they should go to the plate.

An explanatory letter of not more than 350 words must accompany the selections and will be passed upon by the judges. This is as important as selecting the players. Babe himself will write an explanation of his choices. In view of the excellence of the compositions would determine the winner. (Write on one side of the paper only and make your selections on a separate sheet.)

Two players will make up the

Warneke Ranks High Among Candidates For Berth on Ruth's All-America Team

Cubs' Young Right-Hand Pitcher Has Won 19 and Lost Five Games and Completed 22 of 26 Starts.

By Herman Weicke.

Louie Warneke, the great young right hander of the league-leading Chicago Cubs, may not gain a place on the "two-man" pitching staff of Babe Ruth's 1939 All-America team, but no one, not even Babe Ruth himself, will be able to convince Charley Grimm, manager, the other Cub players and followers of the Chicago Nationals that he is not entitled to the honor.

Records for the season show that Warneke is an outstanding pitcher. He has that rare quality of being able to start what he finishes. Another thing, a great pitcher usually has many strikeouts as bases on balls. In this, Warneke just about comes up to par, since he has fanned 92 batters and walked 64 men.

When it comes to complete games, Warneke probably will have one of the best records in the major leagues. Statistics show that he has started 26 games. In 22 of this number, he has been in there at the finish, which shows that only four times has he been pulled off the hill in a battle in which he was the starter. He was taken out on another occasion, but in this one, he went in as a relief pitcher. He has been used to help out a faltering pitcher only twice and in one of these games, that against Brooklyn, July 31, he suffered one of his five defeats. He has a record of 19 victories against these five reverses, giving him a winning percentage of .782, many points ahead of that of his club.

Warneke, the statistics show, has not been winning his games because the Cubs have been giving him tremendous batting support. The figures show that the young right hander has been one of the most efficient workmen in the National League. He has pitched 232 innings and in that time, the opposition has been able to score only 68 runs, an average of 2.91 each nine innings. Included in this total are unearned, as well as earned runs, so when the final official averages, figured only on earned runs, are released, Warneke's record probably will be even better. He has been found for 293 hits, an average of fewer than one an inning.

The youngster, who was unable to do anything worth while as a reliever twirler in 1931, even has the distinction of blanking out the Giants June 18, the Braves July 21 and the Phillies Aug. 21. During one portion of the campaign he chalked up nine victories in a row. This streak started June 11 against the Braves and did not end until he was beaten by the Dodgers, July 31, when he went in to serve as a reliever twirler and was charged with the defeat.

Only three clubs have been able to beat the youngster. The Brooklyn Dodgers have had the greatest success against his offerings, stopping him three times. They accomplished the feat on May 21, May 31 and Aug. 2, May 15, while the Reds handed him a 3 to 1 defeat in 11 innings on May 20. In only two of his games this season has he been shut out for more than four runs. That was against the Phillies and against Brooklyn on June 7, when Max Carey's men scored six runs and made eight hits in seven innings.

The record of the young man who is making a serious bid for all-America fame, and his record is such that he can hardly be overlooked. However, the Post-Dispatch's contest will close at midnight Aug. 31 and it is up to the fans to figure whether Ruth will put Warneke on his team.

Warneke's Complete Record

Sinn that the last month of 1931 and the early months of 1931, R had won two decisions over K and Levinsky, one each over Tom Hickey and Johnny Risko, and knocked out the huge Portuguese, Santa. Schaeff has dropped decided odds to Tommy Loughran and Stanley Poreda in the last two years or more, and probably will be favored in the bets. Risko in another important clash at Cleveland Thursday night with the route set for four rounds. Levinsky should be a heavy favorite, but the veteran Clevelander is an asking price when he has of his good nights. Primo Carners will face Art Gaudin of Minneapolis in a 10-round at St. Paul on Thursday and on same night John York, Isidore Gaudin, and the Queensboro and the latest Spanish sensation, the ex Hans Birdie, Oakland (Calif.) heavyweights. Among the light-heavyweights Maxie Rosenbloom, recognized champion in New York 115-pound state, will meet E. G. Godwin, Georgia youngster, in a 10-round non-title match at Jacksonville, N. C., tomorrow night.

and it on Demp-
sey. Then he
punches him. His nagging
punch into the ring
robbed of half of
his power. Mickey
Walker is really
a manager of Mickey
Schmeling's nerve,
move was a blast in
it: "Mickey Walker
is 'quit.'"
"Of course, that
is the justice Walker in
next month, lacks
encourage. It is the be-
liever of an attack

Work.
How Kearns works
show he says, in
the fight, he showed

his colors, the well-known yel-
low flag, in his last fight with
Sharkey. Although his title was
Sharkey, Schmeling was content
at stand back and jab a totter-
ing and blinded man in the line
rounds when all that was neces-
sary for a knock-out or a certain
decision was a well-placed attack.
You can tell me that Schmeling
does lack the old heart. Demp-
sey was afraid. Mickey Walker
can lick a roomful of Schmeling's,
"and so forth."

Which is all right, except that
he was Sharkey, not Schmeling,
who was the side-stepping a
boxing away, and doing a fine
job of it. Schmeling was doing
show a trace of fear or wor-
ried in any of his American fights.
Trying to tell Schmeling why
a Mickey Walker is like three
men, a mastiff with a pom-
eranian.

Bluff and psychology have been
their thing. Today a season's
fighter merely laughs at the
fears of rivals to appear has
bored.

Mickey is a fine, crafty, ex-
traordinary fighter; but there is
tag on him, when his abilities
entering him again, real heav-
yweights. "Good, but he is
tired too tight."

There is entirely too much
fighting meat about Max for
German to be worried by the
short-weight, even with the pos-
sibility thrown in.

Black Bats Like Al Simmons, Hows Like Hafey and Is There Like a Duck on the Baseline

By Clyde Gregory.

Sports Editor of the Houston Post.

ON TEX., Aug. 29.—Joe Medwick, 21-year-old Houstonian, who throughout most of the 1933 campaign league in hitting, and who Saturday was sold outright to the St. Louis Cardinals, will leave here tomorrow night to join his crew. Tomorrow night has been designated "right" by President Fred Ankenman of the Buffs.

Ankenman refused to let the Cards paid \$100,000 for him; but said Medwick's highest price paid for a league player since the fall in 1928 sold Short-Sleeve to the Detroit Tigers at \$100,000.

The games of Friday Medding at a \$51 clip, beating at 351 clip, beaten by Washington of 1931 and Fox of Beausé.

To tell the story of the card warded by the Cardinals, he had a right to hit. He scored 109 runs, 76 hits and batted in 110 runs. He has hit 25 home runs and 46 doubles, giving him a total base mark of 316.

A Good Fly-Catcher, also is a good judge of the ball and has a mar- nial as Chick Hafey. Nise base runners ill-erties with Medwick's

Cardinal recruit is col- leivable and very popu- lar fan. He has a rat- tle in his arm. In his talk reminds one of the duck; thus led a Hous- an fan to give him the name "Duckie-Wuckie."

At Stadium the vendors sell candy bar—their "duck" bar.

The League pitchers

and managers generally agree Me- dick is the toughest batter in league to get out. He is indi- vidual in getting his foot in the buck- et—stance reminding one of Al Si- mons—but he has so much pow- er frequently slashes out by knocking them from the ball.

All in all, the chances are that Medwick will win a regular spot in the Redbird outfield. An out- garden of Medwick in left, Mar- tin in center and Watkins in right would give the Cards an out- composed entirely of Houston pri- vates.

Medwick's Parents Hungarian.

Medwick is 5 feet 10 inches to weighs 165 pounds and has vir- tually no legs and shoulders. He stands straight up like a Hun- garian of Hungarian parentage.

Medwick was a veritable star. Carteret (N. J.) High School joined the football team in Ju- ne 1930. He was a sensation, be- coming over 400. Medwick finish- ing that season with Danville.

Medwick played with Hous- throughout 1931. His batting average was .395; he batted in runs was swatted 19 homers.

Indications are there will many changes in the personnel the 1933 Houston Buffs. The chances are that the Buffs' new season will have a playing ma- jor.

Then, too, Rochester is ex- pected to exercise an option to purchase Tom Carey, and Colum- bus may exercise an option to purchase Ed Hou-

the Danish Govern- ments of foreign ac- tions.

FINANCIAL MARKET

YORK Market.

COPPER, AUG. 19.—The price of foreign copper continued to advance with prices equivalent to 6.85 to 5.70 London. C.I.F. Hamburg landed between 5.50 and 5.70 pound.

SILK IN FULK. "Changes Closed Aug. 19." The Yokohama silk exchanges were active after brief sessions to which prices rose vigorously & abnormally by nearly 10 per bale. This is current value. **\$23.60.**

DREGGODE MARKET.

FUR-ORISK, AUG. 19.—Good or-worked textiles came forth in the main. Cotton goods dearer. Raw silk was steady dearer. Raw silk was steady dearer. Larger purchases have been made for future delivery. Goods opened firm. Revenue advancing.

**WHEAT MARKET
UP OVER A CENT**

ST. LOUIS MERCHANTS

CHANGE. Aug. 23.—After a new irregular early range in recent market, wheat advanced and closed $\frac{1}{8}$ cent higher.

There was a slight increase of 44¢ in bushels of wheat on passage. Domestic visible wheat increased 421,000 bushels.

Liverpool opened $\frac{1}{4}$ d to $\frac{1}{2}$ d lower but in later cable was $\frac{1}{2}$ d net higher. The close was $\frac{1}{2}$ d net higher.

Winnipeg wheat closed $\frac{3}{4}$ c net higher.

September wheat opened 51½¢ December wheat 57½¢ May wheat 61½c.

Local wheat markets which were generally strong, with 70,000 a year crop expected, gave California, Canada and Arizona crops, which were 25,000 a year, their receipts about as last month. Their receipts stood at 94,000 tons compared with 107,000 tons for the same year ago.

WORK AT ENGLISH TEXTILE PLANTS

Many Weavers Ignore Strike Call but Lan- cashire Walkout Is Com- plete in Some Districts.

BEST OF 500,000 TO VOTE ON PAY CUT

Spinners May Be Unable To Go to Jobs, Even Though They Favor Reduction in Wages.

The Associated Press.
MANCHESTER, England, Aug. 14.—Two-thirds or about 132,000 of the 200,000 cotton mill weavers at Lancashire went on strike today as a result of failure to settle a dispute over wages and working conditions.

In some districts the strike was complete. In the Blackburn area only six of the 60 mills were operating, and at Burnley, where the strike originated five weeks ago, only 200 men reported for work at 28 small mills. The strike spread, however, at Clanton Le Gores, where the two mills were still manned.

The strike resulted in no serious disorder, although at some points workmen who ignored the strike later were ordered as they left the mills for lunch.

This strike order was the first move for a general walkout. Within the next 10 days the spinners, the rest of the 500,000 textile operatives of Lancashire, will vote on

Federal Aid for Tions Plant

By the Associated Press.
WASHINGTON, Aug. 14.—Reconstruction Finance corporation today prescribed the order which it will make states, municipalities and corporations for financing liquidating construction.

"New construction financed," it said in a distributed to its loan and chambers of commerce.

No loans may be made for refund the projects already completed that would not create.

Advances will be made corporation out of the \$1,000 increase in funds provided for the relief act. No proceeds for thorough taxation is a loan. Liquidations are through tolls, fees, rent charges.

To insure the maximum amount of borrowings must be lent to limit the government not holding executive administrative positions of a week and agree not

while potatoes would remain work-
ing today. In Bolton, of 19 plants,
only four were working at all. One
man promised the old wage for
the next three months and others. Sim-
ilar offers failed to get workers
back to the other mills in the dis-
trict.

There was no sign of Govern-
ment intervention. Prime Minis-
ter Ramsay MacDonald and J. H.
Thomas, Secretary for Dominions,
were in Balmoral, Scotland, to tell
the King about the results of the
Balfour economic conference.

Mr. MacDonald, however, stated
that he would return to London in a
day or two, which was an alterna-
tion of his plan for a longer hol-
iday in the north country.

Alderman George Titt, Deputy
Mayor of Manchester, who initiated
the conferences last week, would
return to prevent the walkout over
wages and an increase in the number
of persons within 50 miles of Manchester
could see their spending power
cut in half if the textile
industry goes general. J. H. Thomas

Twelfth Boulevard and Olive Street

THE POST-DISPATCH PLATFORM

I know that my retirement will make no difference in its cardinal principles; that it will always fight for progress and reform, never tolerate injustice or corruption, always fight for the rights of all parties, never belong to any party, always oppose privileged classes and public plunderers, never lack sympathy with the poor, always remain devoted to the public welfare, never be satisfied with merely printing news, always be drastically and honestly, never be afraid to attack wrong, whether by predatory plutocracy or predatory poverty.

JOSEPH PULTZER.

A Chinese Goes Home.

To the Editor of the Post-Dispatch:
I HAVE just completed a 10,000-mile journey from Missouri across the Pacific, having arrived home July 22. The trip, as a whole, was pleasant. We had 50 Chinese students, some holding two or three American college degrees, traveling in the same party, who are coming back to enter various Government and private institutions and enterprises. The ship stopped a day and night at Honolulu, giving us ample time to have a good rest and to see the city. Calm seas and good weather, together with Hawaiian music and full moon, shortened the long jump from Honolulu to Japan. The ship called at Yokohama and Kobe, but no Chinese stepped ashore. We arrived at Shanghai July 19 in the midst of a hot spell. I saw the ruins of the Woonsoo forts as we entered the Whampoo River, once the scene of Japanese warships. The old forts are now heaps of ruins and the little villages are piles of ashes and bricks. I took time to visit the Chapel district, which told tales of the tragic bombardment of Jan. 28. The situation is gradually getting back to normal, but many of the owners are unable to find funds to rebuild their homes. The political tension is still intense, owing to the rumors that the Japanese are planning to occupy Jehol, in North China.

My home town, Canton, the metropolis of South China, has been modernized on a large scale during the last three years. This city of 1,500,000 population is the birthplace of the Chinese revolution of 1911 and the home town of 95 per cent of the Chinese residents in America. Many new asphalt roads have been constructed for the old alleys, modern buses are taking place of the old jinrickshas, hundreds of new buildings have been erected and a dozen talking picture houses have opened to the public. In spite of the changes in government here, the city developments have been going on as usual. There are a dozen Chinese dailies here, but most of them are organs for certain political factions.

The boycott against Japanese goods is continuing. It slackened down during the last of June, but owing to the trouble in the North it is gaining momentum again. The political conditions in the country are still unsettled. It is fortunate that most of the military energies are now being devoted to anti-Communism campaigns.

Canton, China. DAVID C. H. LU.
(Formerly a student at the University of Missouri.)

Opposes New Fare Schedule.

To the Editor of the Post-Dispatch:
I SYMPATHETICALLY agree with "A Daily Rider" regarding the high street car fare. For those of us who are unemployed, it is difficult hard to go about making employment. At the old rate, after using the 13 rides, it only cost half as much as it does now. The high street car fare certainly does not help to relieve the depression.

There is another class of people, which, it seems to me, is not trying to eliminate the depression. To this class belongs the employer who demands experienced people, regardless of how simple the work may be. How can anyone have experience in a kind of work? I have been out of work for four months. When applying for work I have been turned away because of inexperience in some particular line, when I know I could have made good if given an opportunity to prove myself worthy. An honest, willing worker is not even given a fair trial!

DISCOURAGED.

The Alms of Socialism.

To the Editor of the Post-Dispatch:
TWO million votes for Norman Thomas in the coming election will be a powerful influence on the next President and the next Congress, when the interests of the working class are being considered. A large Socialist vote would immediately benefit the working people of this country. We Socialists, however, do not solicit votes on that basis, but on the ground that we intend to build a great working class organization which in time will take over, through political action, the reins of government for the purpose of running it in the interest of those who do the useful work, instead of for the few who control our machinery of production and the banking system. The Socialist party's main purpose can be summed up in the statement that we are working to build a new economic system in which things will be produced for use instead of for profit. To our minds, this is more important than the victory of the lesser of the two evils running on one of the old party tickets.

A vote for Norman Thomas is neither a vote for Hoover nor against Roosevelt, but a vote against our present rotten economic system in which the people starve amidst bursting granaries which the labor filled. A vote for Thomas is a vote for plenty for all who work and for economic security for those unable to work. A vote for Thomas means a great deal more than a vote for Hoover, Roosevelt or beer! W. C. MEYER.

"THE MAD DOGS OF PROTECTION."

Ottawa is a bitter word in the mouth of Lloyd George. The leader of the all but defunct British Liberal party can see no good in the agreements reached at the Imperial Trade Conference, assuming they are ratified by the different parliaments. What he does see is that England will henceforth be a food-taxing country. Higher duties and harsher restrictions on the grains, meats, fruits and dairy products from non-empire nations for the benefit of the dominions, especially Canada and Australia, which will in turn give tariff preferences to British commodities—that is the sum of the month's "huckstering and close-fisted haggling" at Ottawa. The dominions cannot supply England with the food needed. England will still have to buy foodstuffs from the United States and Holland and Denmark, for which she will pay artificially boosted prices. Whatever the advantages of special interests, which are yet to be demonstrated, the cost of living will be increased in England.

So the old free trader barks his philosophical contempt for this departure from English commercial faith. Out of the dim past he hears the people of England demanding the "repeal of the corn laws," and spins a poignant historical metaphor: "The mutilated statues of Peel, Cobden and Bright have finally been relegated to the scrap heap to be melted down into bronze figures of the Chamberlains, pere et fils."

What about the rest of the world? Official expressions of friendly intentions and good will were duly recorded at Ottawa, but the conference, obviously, was a declaration of trade war against the non-British world, candidly and explicitly against Russia; unconditionally, but no less directly, against the United States. That the commerce of those countries, along with Holland, Denmark and the Argentine, will be adversely affected by these impediments is inevitable, but, in Lloyd George's opinion, "Britain, the great international trader, must be hit much the harder."

There may be a slight increase in imports from Empire countries to other Empire countries, which will be offset, of course, by a corresponding diminution in imports from countries outside the Empire. But when all allowance is made for the fictitious profits that may accrue, the undeniable truth is that "Ottawa" will not help world trade to recover its resilience. It will not remove existing barriers, but will add many formidable barriers to those that already exist.

For the United States, Ottawa means not only a barricaded English market, but that on that unfortified frontier which has run through a century of peace are now erected fortresses of trade suppression which spell the unfriendly word boycott, with its menacing implications.

Logically we can utter no word of protest. We are enjoined from remonstrance by our own fallacious tariff policy. We are reaping as we have sown.

But protests will be heard. Russia has already spoken. If England refuses to buy lumber, wheat and dairy products from Russia, that country, now an important customer for many British products, will place her orders elsewhere. That is the message from Moscow. Other nations will, necessarily, follow Russia's lead. The British Empire's trade exclusion policy, as formulated in the Ottawa conference, will evoke reprisal throughout the non-Empire world, just as our Hawley-Smoot act mobilized commercial retaliation against the United States.

The ultimate result of the present tariff mania will be a state of commercial paralysis when no nation will trade with any other nation. Before we arrive at that *reductio ad absurdum*, common sense and self-preservation will find a way to muzzle what Lloyd George calls "the mad dogs of protection."

MR. TAFT TO MR. BRANDEIS.

The late William Howard Taft was among the conservative Republican leaders who joined hands 15 years ago to prevent the confirmation of Louis D. Brandeis to the United States Supreme Court. As the years passed, it seemed that Mr. Taft must have regretted that act, especially when he went to sit with Justice Brandeis on the Supreme bench. Now, thanks to the publication of "More Merry-Go-Rounds," we know that Mr. Taft was affected in just that way, and that he did the gentlemanly thing of acknowledging it to the man he had opposed. "Mr. Brandeis," he is quoted as saying, "I once did you a great injustice. I am sorry." Admires of both Mr. Taft and Justice Brandeis will welcome the apology. It cancels an ugly incident and leaves more lustrous the record of the kindly and warm-hearted man the nation knew in the late President and Chief Justice.

Have you noticed what's happened to the Pittsburgh Pirates since Andrew W. Mellon came back from London? As a baseball mascot, the Ambassador is hereby waived out of all the leagues.

LINCOLN OR SMALL?

Silas H. Strawn of Chicago, former president of the American Bar Association and more recently president of the United States Chamber of Commerce, may be said to represent the substantial element in Chicago which resents the kind of reputation that city has come to enjoy. Citizens of his type, it may be presumed, mean to be on the side of good government and against graft in public office and hoodlum and gangster rule.

Yet Mr. Strawn has just taken a position which establishes him as supporting the political fortunes of Big Bill Thompson, and the equally discredited Len Small, in the latter's campaign for his third term as Governor of the State. As State treasurer for the Republican campaign organization, Mr. Strawn, so far as the public is concerned, places his approval on their records and urges their return to power. Moreover, his position will require him to work with Small's hand-picked State committeemen, Frank L. Smith, twice rejected by the United States Senate for his corrupt campaign practices, and subsequently defeated by the voters when he ran to vindicate himself.

It is truly unfortunate that men who rise to respectable eminence, as has Mr. Strawn, will allow faithfulness to a political label, whatever that label is, to take precedence over the welfare of society. If Republicans of the reputation of Mr. Strawn would do their party the fullest service in their power, they would down the type of leadership which is again in control in the State, in order that the party may be purged and in the future offer the voters candidates in whom it may take just pride.

Just 75 years ago Abraham Lincoln arose on the prairies of Illinois to lead in ridding the State of the Thompsons, Smalls and Smiths of that day. Republicans who support such men now present the

paradox of pledging allegiance to what they think is Lincoln's political bequest when at the same time they repudiate what Lincoln stood for.

GOV. ROOSEVELT AT SEAGIRT.

The strength of Gov. Roosevelt's Seagirt speech is that he and his party have adopted an honest position toward prohibition, while Mr. Hoover and the Republicans are resorting to the old army game of appealing to both sides in this hotly controversial question. Lack of candor in politics has elected many men to office, but there comes a time when even the exigencies of professional politics dictate a bold and open course. As to prohibition, that time has come. The debate is over. Prohibition by constitutional amendment is a notorious failure. The Democrats propose we rid ourselves of it by expunging it from the Constitution. What the Republicans propose to do lies hidden among the conflicting statements of Mr. Hoover, Mr. Curtis and the party platform.

Gov. Roosevelt naturally is capitalizing that confusion. At Seagirt, he compared the Republican convention with the Delphic oracle whose incoherent utterances were interpreted by the high priests. But the high priests themselves were at variance. One of them, Senator Borah, said the oracle was wet; another, Nicholas Murray Butler, said it sounded dry; a third, Secretary Stimson, gave out an interpretation almost as difficult to understand as the utterances of the oracle itself. Mr. Hoover, it is true, went a little further than the convention, but Mr. Curtis proceeded to upset the apple cart by declaring his personal devotion to the eighteenth amendment.

Turning from all this to the clarity of the Democratic position, as Gov. Roosevelt did, is like turning from Sanskrit to plain English. His party has made this phase of the campaign easy for him. On the most widely understood issue, the Democratic position is clear and the Republican position is not. That is all Gov. Roosevelt needed to say at Seagirt.

Secretary of War Hurley says the Hawley-Smoot tariff act didn't cause the depression, and he'll admit, we suppose, that it didn't cure it, either.

THE DRUGGISTS PAY THEIR DEBT.

When the Commerce Department undertook its recent survey of drug stores, for the purpose of teaching improved merchandising methods, there were objectors who said this was just another example of Federal paternalism. Admitting the merit of business surveys, these critics felt the industry itself should undertake them, instead of accepting the study as a gift, at the expense of the taxpayers. What did the Government gain, it was asked, by telling the corner druggist what to put in his front showcase, how to trim his windows or how to concoct an attractive sandwich?

The questions now are answered, for the grateful druggists have returned the favor. Mr. Hoover needed another secretary, with one of his staff on vacation and the multifarious duties of a hot political campaign impending. A new man sat quietly down at a White House desk the other day, and now it is disclosed that he did so with the compliments of a leading drug concern, whose vice-president he is. The company pays his salary while he patriotically serves his country, or at least his country's President.

The drug industry has gone far toward paying the debt, but we feel an added offering is in order. It might send along a cartload of aspirin tablets apiece to the Treasury Department and the Republican National Committee.

King Cotton, headed for the stratosphere, is feeling as fine as silk.

TELL IT.

The administration's fears that publicity of the Reconstruction Finance Corporation's loans might have unhappy consequences have been shown to be groundless. The Trimble report has not caused a ripple. So far from disturbing, its effect will probably be reassuring. The public is now officially informed that small banks in small towns have been helped by the Government. The greater part of the \$50,000,000 advanced in the 10 days covered by the report has been extended to small banks.

The experience should be educational. It should swing into a demand for more publicity in the field of public and quasi-public finance. There can be no question as to the public's right to know what the Government is doing with the money of the Reconstruction Finance Corporation. That money is the people's money. Similarly, the investing public has a right to know all the essential facts about securities offered to the public by corporations. The investing public ought to know what the tangible values are behind any and every security offering. When a superman of the Insull type, for example, buys a utility property, or half a dozen of them, and offers stock for sale, the public ought to know just what the properties cost, all about the expenses incident to the transaction, what extensions are proposed, what commissions are paid to the underwriter, or financial agent—in a word, all the facts.

And the investing public has a right to know what corporations, financed by popular investment, do with the money. A Charles M. Schwab, playing the Lord Bountiful, bestowing million-dollar bonuses to officers of the Bethlehem Steel Co., may be magnificent, but it is wrong. It is wrong because the money was not Mr. Schwab's to dispose of. That money was the earnings of the Bethlehem Steel Co., and an exact accounting of it should have been made to the stockholders of the company.

It may well be that the men so royally rewarded by our steel Lorenzo were extraordinary persons, whose services were worth much more than their salaries and dividends. Then let it be known. Tell it to the stockholders—to that vast army of large and small investors upon whose thrift corporate enterprise depends.

Publicity is the spokesman of honest business. Secrecy is the confederate of devious practices. Tell it in Gath. Publish it in the streets of Ascalon. Tell it along the broad highways of the printed word.

From what the Republican spellbinders are saying about Franklin Roosevelt's Columbus speech, we get the impression that, if Herbert Hoover had been Governor of New York, he would have pitched the Stock Exchange into the Hudson River and hung up danger signals at both ends of Wall Street, notifying the world "Street Closed! Detour, Brother!"

Dizzy Dean has an abundance of ego, plus the same quota of heart.

John J. Hunch is already calling Jimmie ex-Mayor.

AND WAS IT THIRSTY?

How Business Leaders Delay Recovery

While business leaders recite formula that equilibrium is being restored as prelude to prosperity, their policy of cutting pay and maintaining prices delays recovery; contrast between steel industry and agriculture exemplifies our lopsided economy; restoration of buying power, essential to revival, too often is overlooked.

Richard A. Lester in the Forum.

READJUSTMENT and equilibrium! Will our financial-page prophets never tire of telling us their bedtime stories? How often have we read of that "period of liquidation" we are passing through; that "readjustment" which is taking place "all along the line," and that "equilibrium" which is so rapidly being restored?

June 19, 1932, Charles M. Schwab made an address before the American Iron and Steel Institute, of which he is president. He said: "The revival of our industry depends not only upon balancing the budget in our own industry but also on the re-establishment of equilibrium in the total economy of commerce. We and the rest of the world are the victims of a lopsided deflation. If at one stroke it had been feasible to deflate prices, security values, realty, wages, taxes, earnings, debts and credits, all to the same degree and all at one time, the disturbance would have been relatively negligible, because the interrelationship of all the factors would have remained the same." Mr. Schwab ended his address with this delightful observation: "Not fearing the future, ready to face every issue, and determined to fight for what we believe, we are on the path toward equilibrium."

A few days before his speech, the entire iron and steel industry "adjusted" wages 15 per cent downward, making a 25 per cent cut in wage rates since the fall of 1930. The day he made his speech, the papers announced: "Steel producers throughout the country are considering an advance of \$2 a ton on steel slabs and billets to be delivered after July 1"—an adjustment upward.

Such is the policy of our iron and steel companies—to cut wages paid and to increase prices charged. Is that, one wonders, the way the "readjustment" is to be brought about? Is that how the deficient purchasing power is to be provided to buy the over-supply of goods our industries have produced? Is that how the "lopsidedness" which is prolonging our distress is to be corrected? Is that the policy which is to lead us "on the path toward equilibrium"?

The words of Mr. Schwab are typical of our business leaders, who preach one thing and then, as directors of large concerns, turn around and, hoping to advance their own selfish interests, practice the opposite. The prices of some iron and steel products (bar iron and steel rails, for example) have not fallen since the slump began, and some other prices (wire nails, galvanized sheets, barbed wire, wire rods, etc.) have been increased since the beginning of 1931—all this during a period in which prices in general have been continually falling over 12 per cent a year and farm prices about 30 per cent a year. Yet, in spite of this, Mr. Schwab asks that these prices be given the added protection of a higher tariff.

How about the buyers of iron and steel products? Are they to be protected? No. Their costs are increased by these higher prices for iron and steel products. Are the workers to be protected? No. They are "staggered" and their pay is cut as the companies see fit. Have higher prices for steel products helped the workers? The answer is definitely, No! Because the prices of steel products are so high, the demand for steel

products has fallen off until today our steel plants are operating at only 15 per cent of their capacity, payrolls are 25 per cent of what they were in 1929 and unfilled orders are "the smallest on record."

It is quite obvious that, if all commodity prices are increased at once, fewer commodities will be sold. With prices higher and our money incomes the same as before, we cannot buy so much. Likewise, if prices remain the same but our money incomes are cut off or decreased, we are forced to cut down on the amount we spend, and less goods will be sold. In either case we would suffer from "over-production," because prices did not fall as they should in order to sell all the goods which were for sale.

Now, if the prices of some items in our budgets remain fixed, and we cannot do without them (under this category public utility rates are especially important), we are, of course, forced to cut elsewhere. Some cut on luxuries, some on clothes; some are forced to cut even on food. And if the producers of other products cannot shut off production and peg their prices, the prices of their products are bound to fall.

The farmer, unlike the steel company, does not quote his prices to the buyer. His prices fluctuate with changes in demand and supply and with speculation on the exchange. Unlike the steel company, he produces by the season, not according to unfilled orders. He can't shut down part of his plant overnight, produce at 15 per cent of capacity, and declare that after July 1 the price of wheat will be 10 cents higher. Nor can he service-charge his unprofitable crops as the banker service-charges his "unprofitable" accounts.

All this helps to explain why, though most farm products are absolutely essential for existence, their prices always fall furthest during a depression; why, though our population keeps on increasing and our crop production does not, prices of farm products continually make new lows, whereas prices of many of the things the farmer has to buy are still the same or possibly higher than they were a year ago.

Instead of helping to remedy economic disturbances, the policies of some of our large corporations have been such as to tend further to unbalance the economic system. Their "frozen" prices helped to bring on the boom and are now helping to prolong and intensify the depression.

For almost three years now we have been chasing those elusive elves, prosperity and equilibrium, from corner to corner along a downward sloping curve of business. During this period we have witnessed the selfish attempts of the business powers—that is to save themselves at the expense of the general welfare of the country. They have been "freezing" their prices and cutting down on production, employment and payrolls; yet they admit quite readily, when asked, that the depression is the result of deficient consumer purchasing power, never realizing (or not wishing to realize) that their policy of high prices and small pay only aggravates this difficulty. Instead, they blame Congress and talk glibly of a return of "confidence" or the return of which their very policies help to prevent.

As to Platform Pledges

From the Illinois State Register.

"HOLY MOSES!" Pardon us, but we cannot resist that exclamation when we observe what Senator Moses, defender of the extravagance of the present national administration, has to say in reply to Governor Roosevelt's pledges relative to economy in world trade. Senator Moses says the Governor's balance-of-trade proposals and a vision of the tariffs to restore our foreign market are impractical.

When the present tariff law was enacted, what happened? Forty-five other nations retaliated by setting up tariff barriers against American-grown produce and American-made goods. International relations became more strained. American markets were seriously impaired and economic unrest became more alarming.

But Senator Moses defends all this, and says that under the Roosevelt plan for revival of trade, the situation would be worse. "Holy Moses!" What bunk!

What did the Senator and his Farm Bureau and high tariff associates do to restore prosperity? Did the Farm Bureau's entrance into the grain business stabilize prices? Did the Smoot-Hawley tariff measure restore our trade? Did it rehabilitate our shattered markets?

Senator Moses' sophistry is like that of Senator "Jim" Watson of Indiana. Two years ago (June 14, 1930) Watson said when the Smoot-Hawley tariff measure was passed: "It is quite true that we are in the midst of a financial depression produced by manifest causes that I shall not here discuss, but I here and now predict, and my fellow Senators to recall this prediction in the days to come, that if this bill passed this nation will be on the upward financially, economically and commercially within 30 days and that within a year we shall have regained the peak of prosperity."

At prediction, interdiction and contradiction you can't beat Moses, Watson or all. Thumb through your platforms of 1928 and 1932, Senators Moses and Watson, and see if you can find a pledge kept or a promise redeemed!

ANTIQUES IN THE OZARKS.

From the Lawrence County (Mo.) Record.
MANY tourists from cities of Missouri and nearby states have been stopping along the roadside where the Ozark rustic homes are located, trying to find a few pieces of antique furniture, such as a wooden bed, chairs, tables, candlesticks, and trunks, in fact anything that our great-grandfathers used. If our ancestors really owned all the furniture that has been carried off or this section by tourists, they couldn't have lived in humble log cabins—there would have been room enough for their furniture. Nevertheless, the Ozarks are prepared for antique hunters. The strawberry season, over and blackberries are almost gone and folks have been spending a great deal of time down by the creek making more antiques.

384,632 OPERA
RECEIPTS 16 PCT.
UNDER 1931 TOTAL

amount for 82 Performances in Municipal Theater Compared to \$460,488 for 83 Last Year.

\$80,659 ATTENDED,
A DECREASE OF 7027

management Announces
Deficit Probably Will Be
Wiped Out By Surplus of
Previous Season.

Receipts for 82 performances at the Municipal Opera this summer were \$384,632.80, which is about 16 per cent under the figure of \$460,488 for 83 performances last year.

Announcement was made by the opera management that "the association has a small surplus on hand from last season and this will probably be used to wipe out the summer deficit, thus saving the guarantors of the opera from being called upon to bear any portion of their subscription to the 1932 guarantee fund."

The exact deficit will not be known until an audit of the books of the Municipal Theater Association is completed in about a month. Expenses are expected to be slightly more than \$400,000. Income from advertising in the opera programs and other revenue will be added to the receipts from ticket sales.

Drop of 7027 in Attendance.
Attendance for the season was \$80,659, a decrease of 7027 from last year's attendance of 87,686, which was the record of 14 seasons Municipal Opera.

The attendance figures include an estimate of 1700 persons in seats at every performance, but do not include thousands who stood standing room on nights when the theater was filled to capacity.

"Cyrano de Bergerac," which closed the season, was the most popular, drawing 77,888 persons in all.

St. Louis Girl a Bride in Paris

MR. AND MRS. VADIM-SMIRNOFF leaving the Russian church on the Rue Daru in Paris after their wedding recently. The bride is the former MISS VION PAPIN, daughter of Mr. and Mrs. Vion Papin of St. Louis. Mr. and Mrs. Smirnov will reside in Paris.

seven performances. Attendance at the final show last night was \$380. Other productions of the season, in order of popularity, are:

"The Desert Song," 64,361 at seven performances.
"The New Moon," 61,030 at seven performances.
"The Honeymooners," 60,493 at seven performances.
"Blossom Time," 56,460 at seven performances.
"The Last Waltz," 54,837 at six performances.
"The Land of Smiles," 52,049 at seven performances.
"The Riviera Girl," 50,625 at seven performances.
"The Blue Paradise," 49,559 at seven performances.
"Sail," 45,298 at six performances.
"The Rose of Stamboul," 47,672 at seven performances.
Cheaper Seats in Demand.

The effect of the depression was noted by the opera management early in the season. Instead of the house selling out from the most expensive seats at the front to cheaper seats at the back, as heretofore, it sold out from the 25-cent and 50-cent seats toward the front. The cheaper sections were all ways well filled whereas many nights whole sections in the 25 box seats and the 15-cent seats were vacant. Especially was the tendency noticeable in the less desirable seats at the sides of the expensive sections.

Rainy weather this month had the effect of cutting down attendance. Many persons who planned to buy tickets at the box office were deterred from going to the theater by downpours at 5 and 5:30 o'clock in the afternoon, or by threatening clouds before performance time.

The Executive Committee of the Municipal Theater Association will meet soon to consider plans for next summer's opera.

Milton I. Shubert, who was the general production manager of the 1930 Municipal Opera season, departed today for the West after a three-day visit with friends here, during which he witnessed a performance of "Cyrano de Bergerac." He has not had any connection with the opera since that season, his uncle, J. J. Shubert, having succeeded him in charge of productions.

Mme. Jeanne Jomelli, Dies. SAN FRANCISCO, Aug. 28.—Mme. Jeanne Jomelli, operatic singer of a quarter of a century ago, died in a charity ward of a hospital here yesterday. Hospital authorities said they understood her husband, W. O. Backus, was in Los Angeles unaware she was seriously ill. Friends said she received her first dramatic training from Sarah Bernhardt.

SOCIAL ACTIVITIES

ACCORDING to letters from Paris, Mr. and Mrs. Harold Tittman, formerly of St. Louis, have been entertaining a great deal at their home, Villa Mazzoleni, in Rome. Mr. Tittman is the first secretary of the American Embassy in Rome. Their guests recently included Comte and Comtesse de Paris, pretenders to the throne of France; Prince Christopher of Greece, Princess Francine of France and Mrs. and Mrs. Ely Culbertson of New York.

Mr. and Mrs. Tittman and the Comte and Comtesse de Paris will leave soon for Castel Parliano for one of their regular bathing parties on the private beach of King Victor Emmanuel III.

Mrs. Henry Turner Lee, 10 North Kingshighway boulevard, and her daughter, Miss Phoebe, who have been at Fish Creek, Wis., since the middle of June, will return to St. Louis Thursday. Also returning the week will be Mr. and Mrs. James B. Bergs, 4396 Maryland avenue, who have been members of the summer colony for about six weeks. Spending the late summer at Fish Creek is Mrs. William E. Elliot, 7683 Maryland avenue, at her cottage.

Alex T. Primm, 628 North Spring avenue, and his nephew, Alex P. Primm III, son of Mr. and Mrs. Samuel S. Primm, 6015 Cabanne avenue, have gone to the Lodge in Wyoming to spend three weeks. Upon their return Alex T. Primm will leave for the East to enter Yale University.

Mrs. Birch Oliver Mahaffey, 9 Portland place, who with her family is spending the summer at Narragansett last week was a birthday party given by Mr. and Mrs. George F. Naphen of New York, at their summer home in honor of Mrs. William D. Orthwein.

Mr. and Mrs. Paul Bakewell III, 26 North Kingshighway, have returned from Hot Springs, Va., where they spent three weeks at The Homestead.

Mr. and Mrs. Lindell Gordon Jr., 14 North Kingshighway, are spending the late summer in Osterville, Mass., where they are the guests of Mr. Gordon's sister, Mrs. John Gates Williams of Log Cabin Lane, at her summer home.

Oliver L. Garrison III, 81 Aberdeen place, left Saturday for East Hampton, L. I., to join his mother, Mrs. Oliver L. Garrison Jr., who is visiting her sister, Mrs. Fred L. Bronaugh of New York, at her summer home. Mr. Garrison Jr. is visiting his mother, Mrs. Oliver L. Garrison of Brentmoor, in Atlantic City.

Announcement is made of the marriage of Wilder Lucas, son of Mr. and Mrs. George H. Lucas, and Miss Ruth Houck, daughter of Dr. and Mrs. Harry Houck, Scranton, Pa. The wedding took place Monday, Aug. 22, at the Methodist Church in Scranton. Mr. Lucas and his bride have returned to St. Louis after a honeymoon in the East and are at the home of his parents during their absence in Europe for several months.

Mr. Lucas studied in Vienna and Lausanne, Switzerland, and was graduated from Washington University. He is Austrian consul in St. Louis. Mrs. Lucas is a graduate of Elmira College in N. Y.

Miss Florence Brooks and her sister, Mrs. H. C. Phillips, daughters of Robert W. Brooks, 638 E. Waterman avenue, have joined their father at Wequonansing, Mich., where they will spend this week with him. Mr. Brooks was host to a dinner party at the Wequonansing Hotel last week for Mr. and Mrs. Albert M. Keller, Mr. and Mrs. Paul B. Jamison, Mr. and Mrs. Walter H. Petring and Mrs. Robert Brown.

Mrs. Elmer L. Musick, 6310 Waterman avenue, and her daughter, Miss Mary Elizabeth, have returned from Evanston, Ill., where they have been visiting Mrs. A. G. Allen for several weeks.

Mr. and Mrs. Charles Edward Potter of Hampton Park, departed yesterday for Atlantic City and New York where they will spend three weeks. Their daughter, Miss Rita, is visiting Miss Evelyn Parks, daughter of Dr. and Mrs. William P. Parks at Hot Springs, Ark. Miss

potter may join her parents in the East in about two weeks.

Mr. and Mrs. Harry F. Doty, 5243 Waterman avenue, are spending the late summer visiting resorts in Colorado. They will stop at Colorado Springs, Manitou and Estes Park. They will be joined by their daughter, Miss Jane, who is a counselor at Hudler's Riding Camp, who will accompany them home. Miss Doty will be a senior at Washington University in the fall.

J. Harry Rehme, 11 Lake Forest, left yesterday for Grand Beach, Mich., to join Mrs. Rehme and their children at their cottage for the rest of the summer.

Miss Marian Pough, daughter of Mr. and Mrs. F. E. Pough, 4 Lenox place, and Miss Mary Ann Devie, daughter of Dr. and Mrs. Joseph M. Devie, 1616 Lindell boulevard, have returned from Three Lakes, Wis., where they spent the summer at Camp Idyle Wyld.

DROWNS SELF, TWO CHILDREN
 Mother Goes Into Lake to 'Show
 Them "How to Baptize,"
 By the Associated Press.
 TUSCALOOSA, Ala., Aug. 29.—
 Mrs. William A. Simmons, 25 year-
 old, wife of a watch repairman, im-
 mersed her three small daughters in a
 lake near here last night under
 pretense of showing them "how to
 baptize," and drowned two of them
 and herself. The other escaped. The
 survivor, Louise Simmons, 10, was
 found on an island an hour later
 and directed searchers in recover-
 ing the bodies of her mother and
 two sisters.

The girl said her mother, who
 sold religious literature, brought
 them from their home 16 miles
 away and waded out into the wa-
 ter with Dorothy, 8, and Marjorie,
 6, in her arms. Louise said she was
 led by her hand but broke loose
 just before Mrs. Simmons and the
 other girls sank.

BOMB FOUND, WITH FUSE OUT
 A bomb made of seven sticks of
 dynamite wrapped in a newspa-
 per was found on the roof of a
 shed at the home of William
 Schlie, a nice and coal dealer, of
 2108 East DeSoto avenue, yester-
 day morning.
 Schlie noticed the fuse, which
 apparently had been lighted but
 failed to burn, dangling from the
 shed, and called the police. He
 attributed the attempted bombing
 to a business dispute.

SHERIFF AND AIDS
OPEN THE ROADS
INTO DES MOINES

armed With Clubs, They
Break Up Farmers' Block-
ade—11 Officers Hurt in
Fight.

ARRIVING AS ESCORT
FOR LOAD OF HOGS

oux City Situation De-
scribed as "Intolerable"
and Outside Help Is Re-
quested.

The Associated Press.
DES MOINES, Ia., Aug. 28.—
An armed force was brought un-
der the leadership of Sheriff
Charles F. Keeling, a force of de-
puties and truck drivers, all armed
with clubs, masses on highway No.
north of the city and forced
their way through members of the
farmers' Holiday Association, who
ought to force higher agricultural
prices by keeping produce from the
markets.

The campaign against the block-
ade, after starting at a point five
miles from Ames, resulted in the
movement of produce into Des
Moines.

Sheriff Keeling and his deputies
maintained in control of most high-
ways into Des Moines, for pickets
manned at camps north, east and
southeast of the city.

Eleven special deputies were hurt
in a clash with picketing farmers
near Cushing, Ia., last night. A
fighting between the farmers and
50 officers occurred while the
deputies escorted five trucks
laden with hogs from the farm of
William Turner of near Moline, to
the Iowa County line. The deputies
aid the strikers attacked them
with pipes and sticks.

Of the 11, H. Vander Steeg, Har-
Barnholts and Paul Curran were
most seriously hurt. Steeg suf-
fered several fractured ribs, as well
cuts and bruises.

Thirteen strikers or sympathizers
were arrested.

Sioux City Seeks Aid.
Meanwhile the Chamber of Com-
merce at Sioux City, one of the
strategic points in the farmers' ho-
liday movement, asked that State
and come from Iowa, South Dakota
and Nebraska to put an end to the
strike. Conditions in the Sioux City
area were described by the cham-
ber as "intolerable," and that the
local authorities were unable to
cope with the situation.

No action was taken by the Gov-
ernors and Gov. Turner of Iowa
indicated he favored leaving the
situation in the hands of county
officials.

Action against scores of men ar-
rested in Council Bluffs in connec-
tion with picketing activities there
was expected today. Sheriff Lamm
said he was preparing evidence
present to the grand jury.

In Webster County, Ia., county
action was planned. John E. Mul-
loney, county attorney, said he had
received several warrants for filing
against pickets, charging them with
obstructing public highways. Three
persons were injured in clashes in
the county yesterday.

Nearly 1000 Plymouth County, Wood-
bury and Cherokee county farmers
held a meeting at Holtsville, Mo.,
Cherokee, were told by their lead-
ers, Ed Martin, Plymouth County
attorney, that all violence in connec-
tion with picketing must stop.

Movement Spreading.
Meanwhile the holiday grew in
several new sectors.

C. F. Eggers, chairman of a
Sioux Falls, S. D., producers' asso-
ciation, said a general blockade
would begin today, following a
letter to boost milk prices 50 cents
to a maximum of \$1.75 a hundred-
weight.

Picketing continued near Fort
Jodge, Cherokee and Tipton today.
In Council Bluffs, George East-
ington told Holtsville pickets that
the marketing of fat cattle soon
was imperative and that truckers
and farmers alike were losing be-
cause of the blockade.

MELLON SAYS HIS
VISIT IS PURELY

Secretary Mellon, Also in
on Private Busi-
He Declares.
NEW YORK, Aug. 28.—
L. Mills, Secretary of the
and Andrew W. Mellon,
cessor, visited the fin-
trict today. Both ex-
their calls in Wall Street
tively of a personal na-
Mellon, who is return-
row to his post as Am-
the Court of St. James
was leaving the Nation-
"There is not a thing al-
sly visit downtown. It
of a personal nature."
Mellon visited Gordon,
president of the Nation-
and Floyd Blair, a vice-
the institution and for-
assistant in the Treasury
when Mellon was Secre-
Treasurer.

Mills said he had
York on a purely priv-
had gone to his office
his personal business
fore leaving for Sarat-
for a vacation. He ex-
had not seen Mel-
York, and had said go-
yesterday in Washing-
Mills added that his
ture form his own offi-
tend a luncheon at the
serve Bank with two of
bank.
